December 1990, UGC sanctioned and updated it to three-year MCA programme. One semester full time industrial experience was mandatory as curriculum obligation. The Department started M.Sc. (Computer Science) software (a two year i.e. four semester programme) with effect from academic session 1995-96. This two year program was started with an aim to open new avenues to computer graduates. Thereafter, the Department started M. Tech. in Computer Science and Engineering (a full
time four semester programme) with effect from academic session 1996-97. This program provides higher education in the field of Computer Science and Engineering. The admission to this course is made on the basis of CATE (NET/Upivorsity test
basis of GATE/NET/University test.
To cater the computing requirements, the Department has
approximately 230 computers including 6
servers, 120 thin clients. The Department is
providing a wide range of hardware and
software facilities to the students and faculty
member under diverse platforms and
processing environments. The department
has now blossomed from a humble start in 1981 to a full-fledged education center
providing computer education on the pattern of UGC/DOE/DRDO guidelines.
The faculty of the Department is
actively engaged in research work and has published approximately 300 research
papers and articles in international and
national journals and conferences/seminars.
Approximately 20 students have been
awarded Ph.D. degree, and more than 50
students are registered. The thrust areas of the research include temporal databases,
routing algorithms, simulation tools,
software quality assurance, information
retrieval system, software reusability, aspect
oriented software development, crawler
technology in research engines, biometrics,
software re-engineering, software reliability,
computer graphics, network security and
simulators for legal systems. Various organizations conduct
campus interviews for job placements. The
alumni of the Department are holding

prestigious in reputed multinational software
development houses, government
organizations and institutes all over India as
well as abroad.
