**Suggestions for further improvement of the curriculum:**

Curriculum is well designed, if Dissertation component is included at the Masters level upgrading the current MA Philosophy (by coursework) to an MA Philosophy (by research). Post-Graduation by Research is valued much more than PG by coursework in both Indian and foreign educational institutions as the students are trained in academic writing and research methods. This would undoubtedly prepare the students for M.Phil as well as PhD course work. In the long run it might prove to be advantageous for making careers in academic research.
