Report

A mentor-mentee meeting was held on 18.04.2022 at 11:00 A.M. in room number 13 with all the students of B.Lib.I.Sc. and M.Lib.I.Sc. session 2021-22 and faculty members.

The role of mentor was discussed time to time and again in regular classes and students were encouraged to consult their mentors for issues related to education, university matters etc. But no such query was raised by students with their mentor. For all the issues, the students were approaching Department office and the Chairperson. It was, therefore, felt to organize a meeting of all the students and faculty members.

In the beginning, the Chairperson discussed the role of mentor in improving the educational experience of the mentee during his/her university stay. He encouraged the students to come out with their queries during the meeting and thereafter during consultation with their mentor.

One issue of Training/Internship was raised by Ms. Tanya. Roll number 16 of B.Lib.I.Sc.. It was stated that training was an integral part of B.Lib.I.Sc. curriculum before COVID-19. Due to unprecedented situation, it was temporarily replaced by another paper w.e.f. 2020-21 session. However, efforts will be made to arrange Internship/training for students of the present session also.

Name of the student: Deeksha Kumari

Class: B.Lib.I.Sc.

Class Roll No.: 03

Date: 12.05.2022

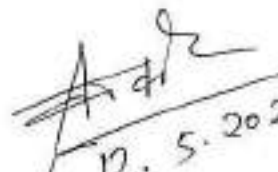

Time: 10.00 AM

Subject/Problem: Worry about attendance due to being late in first class of 9.00-10.00 AM

Statement: She is having a small child at home who does not take milk etc. in her absence. Being a mother, she does not start for her classes until he takes milk, which generally delays her arrival for class. By that time, some of the teachers already complete taking attendance. She was worried about her attendance.

Action: Advised her to make every possible effort to reach the Department in time, it was necessary for her learning the content in addition to fulfill attendance requirements also.

Discussed the matter with the concerned teachers.

Dated: 05.04.2022

A meeting of the Staff Council was held on 05.04.2022 at 02:30 p.m in the office of the Chairperson, Department of Political Science.

The following members were present:

1. Vikas Sabharwal, (in the Chair)
Chairperson,
Department of Political Science
2. Dr. Vaishali Jain, Member
Assistant Professor,
Department of Political Science

The following agenda was transacted:

1. The Department of Political Science collected structured feedback from students, alumni, employers and teachers for design and review of the curriculum of M.A. Political Science and M.A. Defence & Strategic Studies. The same was analysed by the Staff Council of the Department. It was observed that the following issues were raised prominently in the structured feedback:

- M.A. Defence & Strategic Studies:
 - i) Internship should be included as a part of curriculum.
 - ii) More India specific content should be included in the syllabi.
 - iii) Assignment should be given more weightage.
- M.A. Political Science:
 - i) The Credits of open elective course should be at par with other courses.
 - ii) More Diplomacy related topics should be included in the syllabi.
 - iii) Issues related to LGBTQ plus should be given due place in the syllabi.

It was further resolved that the above analysis may be given due consideration as and when the issue of revision of curriculum is taken up in the next meeting of PGBOS in Political Science and Defence & Strategic Studies.

Minutes of the Meeting of the Staff Council of Sociology

A meeting of the Staff Council was held on 13-07-2022 at 12:00 Noon in the office of the Chairperson, Department of Sociology, KUK to discuss the Mentor-Mentee report as dept. has already assigned the teacher mentors to the students vide letter No.SOC/22/82 dated 08-04-2022 for academic session 2021-22.

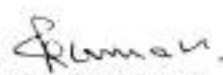

1. Students discussed to their mentor about the need of a fieldwork and practical practice of Research survey and methodology.
2. Students asked for a presentation instead of term paper for internal assessment.
3. Students are of the opinion to conduct an academic and historical tour.
4. Students raised the issues of sanitation and cleanliness problem in the washrooms of the department.
5. Students complaint about the requirement of AC in the classrooms due to humidity loaded hot weather in the Kurukshetra making difficult for them to sit in the classrooms.
6. Students seek help regarding their future prospect and career guidance.
7. Girl students asked for separate common room.

After discussion in the staff council meeting with all the members and mentors it is resolved unanimously:-

1. The fieldwork and practical practice of research survey is already in the syllabi but unable to implement due to shortage of faculty members. It will be implemented as and when faculty members requirement fulfilled.
2. One presentation will be organized from next session instead of one term paper.
3. This type of activities were stopped due to COVID-19 situation, now it will be started in the next session, if situation remain normal, through Dean Students' Welfare office.
4. Problem about cleanliness in the washrooms is resolved and hand sanitizer is installed in the dept.
5. Installation of AC's is beyond the budget limit of the department and it is resolved to write for this demand to the higher authority.
6. Career guidance cell is already working under Dr. Vijender Singh & Dr. Sunil Kumar. This cell guided students about UGC-NET JRF, UPSC, HPSC and other competitive exams time to time.
7. Separate common room for Girls is established with WIFI & Air Cooler facility.

Minutes of the Staff Council Meeting

Minutes of the Staff Council meeting held on 5.5.2022 in the centre at 12.00 Noon to discuss the policy for assessing the learning level of students.

The following were presents:

1. Prof. Anita Rani Dua (in the Chair)
2. Prof. Vanita Dhingra
3. Dr. Vandana Dave

The following policy was formulated to assess the learning level of students.

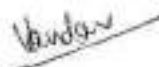

The learning level of students will be assessed based on class participation and 1st class test. The 1st class test will be conducted after completion of 25% of syllabus/21 days of teaching. The following evaluation rubrics will be adopted to assess learning level of students.

Evaluation Rubrics

Learning level Evaluation scale (1-4) (1; <30%, 2; 30-59%, 3; 60-70 %, 4; > 70 %) [% is to be computed on absolute marks]	Beginner (1)	Progressing (2)	Proficient (3)	Excellent (4)
Class participation (Raising relevant questions, analysis, updated reading, Regularity)	Rarely	Sometimes	Often	Always
Class Test (completeness, understanding, Argument, structure, writing)	<30%	30-59%	60-70%	>70%

Beginner will be identified as "slow learners" and will be assisted by remedial classes and more attention in classes/field work.

Excellent will be identified as "fast learner" and will be encouraged to attend seminars, workshops, read research paper, do surveys and write articles for publication.

PROCEEDINGS OF MENTOR-MENTEE MEETINGS

M.Sc. Home Science (Food, Nutrition & Dietetics)

4th April 2022: -During this meeting the students of M.Sc. Home Science (Food, Nutrition and Dietetics) IV semester enquired about the opportunities available to them after completion of master's degree. They were told that they can be hired by the hospitals as dieticians for nutritional management of different conditions/ diseases from which patients are suffering. They can also run their own diet clinic as registered dieticians. Further they can establish food service institutions/ hotels as entrepreneur.

12th April 2022: - During this meeting it was discussed that how health of women plays pivotal role in the overall wellbeing of the family. Women have central part in managing day to day affairs of their families. They are looked up as role models by their children. Now a days women not only cope as home makers but also achieve great heights in their field of work outside home. So due credit and respect should be accorded to women of present day.

20th April 2022: - During this meeting the scope of Home Science in the academic field was discussed. Many avenues are open to the qualified students. From school teaching to position in higher studies as assistant professor can be applied for. For school teaching candidate must have qualified HTET/ CTET. But for higher studies students must have qualified NET and Ph.D. Appropriate candidates can also go for project writing and can receive grants from various funding agencies of national and international repute.

29th April 2022: -During this meeting the scope of general competitive exams such as PO or IAS exams was discussed. These exams are highly competitive and great many numbers of candidate appear in them. These exams have a written component and those who qualify are called for interview. As an administrator candidate must have aptitude for solving problems in real time and for taking decisions in emergency situations. These jobs are quite challenging and demanding as well.

PROCEEDINGS OF MENTOR-MENTEE MEETINGS

M.Sc. Home Science (Human Development)

4th April 2022:- The students asked questions on the role of females & males in the society. They wanted to know why Indian society does not give women the power/authority to take decisions of their life, career, work or even higher studies. We talked about how education and adopting any work/profession helps women in becoming self reliant and dependent which further makes them empowered.

7th April 2022:- Today we discussed about the young girls role in the family what place of importance does a young girl occupy in their households. The students asked various questions on their dependent or independent statues in their homes whether they are only a burden in their family or can even become the caretakers of their elderly parents and also inspire to become the sole bread earners of the family. Also giving responsible roles and encouraging the girls in the house hold & giving them important tasks/errands to compete will make them empowered girls and women of tomorrow.

12th April 2022:- Today we talked about healthy body in a healthy mind. Student wanted to know how our life style or our day to day life is a crucial factor for determining how healthy we are. Life style related pros & Cons, discomforts, attitude, behavior and personality were discussed. Students were curious to know that maintaining a good lifestyle is important at all stages of development in the life span. Right from the birth of an individual upto the old age and death of the individual maintaining a good healthy lifestyle indicates a healthy and sound mind and body.

20th April 2022:- Today career opportunities were discussed with students, both in the private & govt. sectors. They were told what all can they do like go for C.D.P.O, P.O, supervisor exams. Students can also apply for projects with International organizations like WHO etc. The students discussed opportunities and exposures of working with Women & Child Welfare Department, Central Social Welfare Department. They wanted to know how they can work with NIPCCD or NCERT. Also students were encouraged to go for Early Childhood Training for Guidance and Counseling.

27th April 2022:- Career Guidance was repeated students were told how to apply for other countries, which area and countries to apply for. How beneficial and in demand were some particular areas like guidance & Counseling, special education, Research work in different areas of Lifespan development of Human beings.

29th April 2022:- Today we discussed which different exams students can give. How they are evaluated in different fields. The students asked how mental balance is important to gain success in a career. Also whatkind of scoring patterns were available like PO, CDPO, IAS, Anganwadi exams their entrance patterns etc.

Issues raised by the Mentee and Issues resolved by the mentor

First Meeting (January 2022) :

Issue raised by the mentee:

The students asked about the reading material and books that should be referred for the topics terpenoids and steroids.

Issue resolved:

The necessary information was provided to the students regarding the books they should read. Problems related to terpenoids topic were also solved.

Second Meeting (February 2022) :

Issue raised by the mentee:

The students asked to provide study materials and slides of syllabus concerned to the syllabus of mentor.

Issue resolved:

The slides and reading material was provided to all students.

Third Meeting (March 2022):

Issue raised by the mentee:

The students discussed about the syllabus and pattern of sessional exam and Unit Test (Class Test).

Issue resolved:

The required information was provided to the mentee. Mentor also told the mentee about the syllabus of sessional exam of paper CHEM-403.

An online staff meeting was held on 10/01/2022 to discuss the issue raised by the students of the department in the Mentor/Mentee meetings hold by the teachers of the department on various dates and times. The following members were present in the meeting:

1. Prof. Rajender Nath (Chair)
2. Prof. Shuchita Upadhyaya
3. Prof. Rakesh Kumar
4. Dr. Pardeep Kumar
5. Dr. Chander Kant
6. Dr. Ramesh Kumar
7. Dr. Monika
8. Dr. Kanwal Garg
9. Dr. Sanjay Tyagi

The various issues raised by the students in the mentor/mentee meetings are summarized into the following categories:

Issues raised by students during Online Classes

1. Poor internet connectivity and data usage limitations, limited net packs
2. Issues while attending practical lab classes
3. Difficulties in implementation in Practical classes
4. Social interaction is missing, Face to face interaction is missing
5. Sometimes difficulties in understanding the concept in online mode
6. Lack of communication skill development
7. Lack of attentiveness
8. Absence of study environment
9. Missing blackboard teaching
10. Faculty for theory and lab should be same.
11. Attendance portal of university not working.
12. Collaboration with some online platforms for learning platform such ad course era etc.

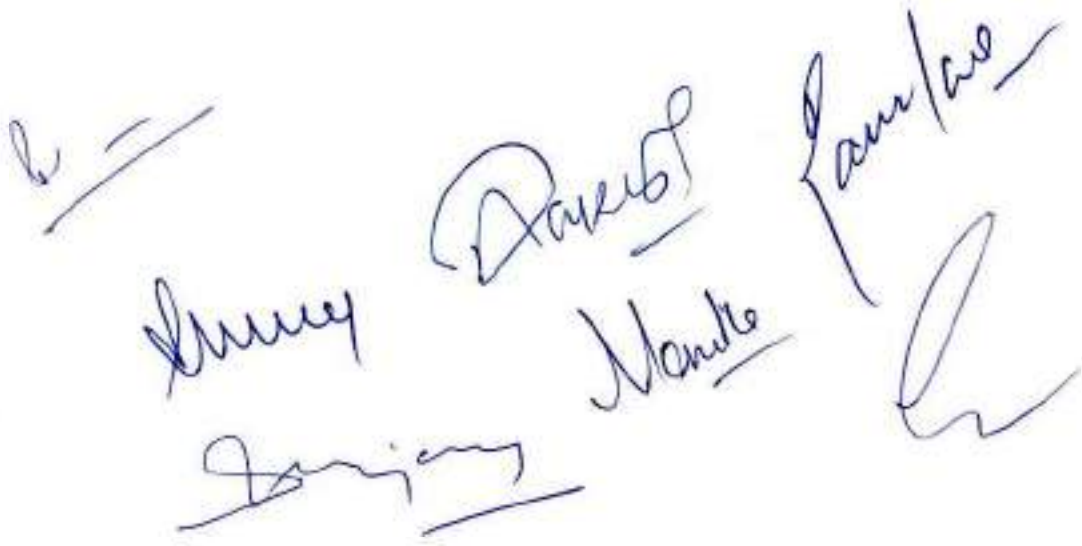

After a long deliberation the members of Staff resolved the issues unanimously as under:

Handwritten signatures of staff members in blue ink, including names like Anurag, Sanjay, Pardeep, and Ramesh.

Due to global pandemic, such situations were faced by all the students of the department. In order to alleviate this problem, the following measures will be taken:

1. Duration of class will be reduced from 60 minutes to 30-45 minutes.
2. Teachers will supply PPTs, notes, audio recording, video recording of lectures to the students through emails, google classrooms, WhatsApp groups etc.
3. Student will be counseled time to time to face this tough situation of pandemic
4. Interactive tabs like XP-Pen will be provided to teach students.
5. Online demonstration of practical will be made to the students by the respective teachers.
6. Attendance will not be taken into consideration during Covid-19.
7. MOOCs are available as online learning platform.
8. The faculty for theory and lab is same in most of the cases. However, in some cases as there is limited workload which can be given to a faculty, therefore different faculty member may be assigned for theory and lab.

A collection of handwritten signatures in blue ink. The signatures are arranged in a loose cluster. From top to bottom, they appear to be: a short signature, 'Daxit', 'Anurag', 'Manika', 'Saurav', and a large, stylized signature.

A staff meeting was held on 17/05/2022 to discuss the issue raised by the students of the department in the Mentor/Mentee meetings hold by the teachers of the department on various dates and times. The following members were present in the meeting:

1. Prof. Rajender Nath (Chair)
2. Prof. Shuchita Upadhyaya
3. Prof. Rakesh Kumar
4. Dr. Pardeep Kumar
5. Dr. Chander Kant
6. Dr. Ramesh Kumar
7. Dr. Monika
8. Dr. Kanwal Garg
9. Dr. Sanjay Tyagi

The various issues raised by the students in the mentor/mentee meetings are summarized below:

Issues raised by students for Offline issues

1. Boys and girls common room
2. Fans are not working properly (Noise issue)
3. ACs in lab not working
4. Shortage of books in Library
5. Computing devices not working
6. Projectors in class room not working
7. Dustbin should be installed in every class room
8. Water Cooler/ Water Purifier should be installed and clean.
9. Curtains/ Blinds on Windows
10. Industrial training sessions
11. Technical lectures
12. Library should be open from 9:00 am to 5:00 pm
13. Placement activities
14. WiFi connectivity problem in department and in hostels too.
15. No extracurricular activities
16. Software are not installed properly in the labs.
17. Sessional exams must be held under a proper date sheet.
18. Relaxation form attending last semester if someone is placed in penultimate semester.
19. Late allocation of faculty in some courses.

20. Washroom hygiene not maintained properly.
21. Faculty for theory and lab should be same.

After a long deliberation the members of Staff resolved the issues unanimously as under:

Regarding point 1 i.e. Boys and Girls Common Room, it is submitted that girls common room is already there in the department. But due to Covid-19, it remained closed for a long period of two years approximately. So it will be cleaned properly and will be made ready to use at the earliest. Due to the scarcity of the space in the department there is no common room for boys. A letter in this regard will be written to the authority to allocate the space for the same. However, there is a departmental library and it has reading space of the capacity of 50 students so boys are always advised to sit in the library.

Regarding Point 2 & 3, a letter will be written to the electricity maintenance department of the university to check all the fans and ACs for proper working.

Regarding Point 4 & 12, The Departmental Library has approximately 7,000 books. As and when grants are received from various funding agencies new books are added to the library every year. In addition to Departmental Library there is a huge Central Library along with 50 sitting capacity. The Department Library is opened for half day due to the shortage of employees. The Department will write a letter to the establishment branch to provide full-fledged person for the library so that it can be opened for whole day.

Regarding Point 5 & 6, The computer technician will be called to repair computers/computing devices which are not working properly.

Regarding 7, there are 4-5 big dustbins in the department. The department will purchase more dustbins to sort out this problem.

Regarding Point 8, There are two water coolers and water purifier in the department which are serviced time to time and are sufficient for the students of the department.

Regarding Point 9, The department will write to the General Branch to make necessary arrangement for curtains/blinds in the classrooms.

Regarding Point 10 & 11, The Department arranges Industrial training of the students from time to time and more efforts will be made to arrange more training/technical sessions.

Regarding point 13, there is a placement cell at department level as well as university level. TPOs will be asked to increase efforts for making placements more and more.

Regarding Point 14, Director IT-Cell of the university will be requested to sort out the problems in the department as well as at hostels.

Handwritten signatures:

Nanda

Regarding point 15, due to COVID 19, extracurricular activities could not be held. Now situation is improving and such activities will be held in the department.

Regarding point 16, all the lab in charges and technicians will be directed to look into the matter and install the necessary software in each of the lab.

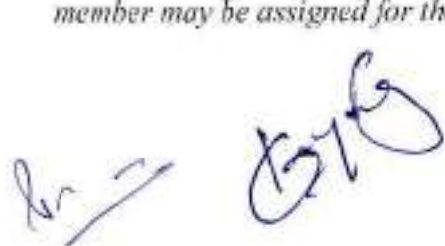

Regarding point 17, it was resolved that if a date-sheet is provided for the sessional exams, two full weeks will have to be devoted to sessional exams, which is not feasible in a current situation as the duration of the semester is already shortened due to Covid-19.

Regarding point 18, relaxation for not attending the last semester can't be given as there is no such provision in the ordinance.

Regarding point 19, the late allocation of faculty occurs due to late appointment of part-time teachers by the university in some cases.

Regarding point 20, it was resolved that the sanitization department will be directed to maintain hygiene in the washrooms properly.

Regarding point 21, the faculty for theory and lab is same in most of the cases. However, in some cases as there is limited workload which can be given to a faculty, therefore different faculty member may be assigned for theory and lab.

Subject: Request for Updation of Sessional Awards in
1st sem, Section B MCA

Respected Sir,

It is for your kind information that I, Ahmad Zaki Rahimi, student of 2nd sem, section B MCA 2021-2023. Sir, as I joined the college so late on 15/02/2022, due to the problem that I received my admission approval from ICCR organization (Indian Council for Cultural Relations), so I did not appear in sessional exams of subjects like, Operating system under Dr. Sanjay Tyagi, UML under Prof. Rajendra Singh, Data Structures using C++ under Mr. Shivam Sharma. So, it is kindly requested to you to look into the matter. It is an issue that could result to cancellation of my scholarship if my MCA 1st sem record is not clear. Thanking you.

yours faithfully,

Ahmad Zaki Rahimi

Mentor- Mentee Interaction - 1

Class: M.Sc. Electronic Science III sem

Date: 11-10-2021 Time: 10.45 am
Held in online mode

Requested made by students : yes

Students present:

Ritu, Sahil, Niharika, Ankit, Harsh, Puja, Vashali, Sachin

Questions raised by the students:

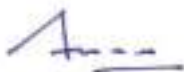

1. In view of the prevalent situation of Covid – 19 whether the students will be called to attend the classes in physical mode?
2. In such a situation what would be the requirements on them?
3. How should they prepare for the paper EL33 and How to take up the various experiments allotted to them in the course papers?

Discussions:

It was observed that the students were highly concerned with the situation arising out of COVID 119 spread and they were interested o attend the classes in physical mode. Further they were also keen to know the relevance of the different papers being taught to them in the semester III, specifically on EL33 that undersigned was teaching.

Outcome:

It was an interactive session with students sharing their concerns and putting counter questions to the answers given to their queries. The students were apprised of the govt directions in regard to COVID situations. They were advised to keep up with the online classes being held for them. The relevance of the different subjects specially EL33 paper, in industrial applications was also explained to them. The method to perform the experiments through online simulations was also explained to them. Overall they were satisfied.

Mentor- Mentee Interaction - 2

Class: M.Sc. Electronic Science III sem

Date: 12-11-2021 Time: 10.45 am
Held in online mode

Requested made by students : yes

Students present:

Ritu, Sahil, Niharika, Ankit, Harsh, Sourav, Puja, Vashali, Sachin

Questions raised by the students:

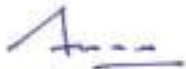

1. What should the students do regarding the training to be held in the fourth semester in view of the prevalent situation of Covid – 19?
2. Whether training will be online or offline?
3. Does the online training has the same value as the offline one?

Discussions:

During the discussions, it was found that the students were anxious to know about the mode of training that they are to undergo in the fourth semester whether it will be online or offline. And in case if the training is online whether it will have the same effectiveness as the offline.

Outcome:

The session was interactive and the students were apprised of the various possibilities of undertaking project work specially in online mode. It turned out that students have already started exploring the various resources in this regard. The students were advised to keep in touch with the mentor in this regard so that the issues faced by them could be taken up on priority.

Dr. Om Prakash

Dr. Satish Kumar

Proceedings

A meeting of mentor-mentee was held on 15.11.21 at 11:00 AM in Dept. of Geology.

The following members were present:

Dr. Satish Kumar (Mentor)

Students of M.Sc.(E) App. Geology (Mentees)

Decision taken

In the meeting students were having the issues like non-geology background, subject's field aspect, opportunities and hesitation while interaction with faculty members and external experts.

The issues were discussed among the mentees. The mentees were advised to study the basic book and concepts. They were also made aware about the geological concepts and the subjects they had studied in their graduations. They were also guided about the work of geologists in the field and the various opportunities & scope in geology (both in Govt., PSUs and other organizations). They were also encouraged to ask the queries in the meetings so that they could feel comfortable in asking the questions which will be helpful for mentees while interacting with the faculty members, research scholars, Alumni and the exp

experts (will be visiting the department in future).

All the mentees agreed with the discussion and suggestions.

Proceedings of Meeting of Staff

Dated :31-05-2022

A meeting of the staff was held on dated 31-05-2022 at 12:45 p.m. in the office of the chairman of the department. The following members were present:

1. Prof A.K. Vashisth (in chair)
2. Prof V. K. Bhardwaj
3. Mrs. Sumitra Devi
4. Sh. Dalbir Singh

The members of the staff considered and discussed the proceedings of the mentor-mentee meetings held by the teachers of the department in different groups at different times. After discussion, it was resolved that:

1. The issue of acute shortage of regular teaching staff, which has been raised by the students in all the meetings, should be taken up with the higher authorities and the administration will be requested to fill the vacant teaching posts at the urgent level.
2. The difficulty being faced by the students, teachers and supporting staff of the department due to lack of space and infrastructure, which was highlighted in almost all the meetings, will be put before the university authorities and the demand of a separate building for the mathematics department or at least complete ground floor along with first floor of the existing building will be made.

for
Chairman
Deptt. of Mathematics
K.U. KURUKSHETRA

3. New ceiling fans should be provided in all the class rooms on priority basis.
4. New projector will be purchased on priority basis.
5. Latest computers for computer labs are urgently required and the university authority would be requested for the same.

A mentor/mentee meeting of the students of M.Sc. (Mathematics) IV Semester was held on 08.02.2022 at 4.00 p.m. in Room No. 204 of Department of Mathematics. 50 students attended this meeting. The students raised the following issues during the meeting:

1. All the students welcomed the move of holding mentor-mentee meeting for providing them a platform to put their view points.
2. Most of the students demanded for regular teaching faculty in the department and expressed their serious concern over the acute shortage of staff in the department.
3. The students complained about the deficient infrastructure. They expressed their difficulty in attending the class of 88 students in rooms of small size.
4. Girl students demanded a Girls Common Room in the department.
5. The students had shown their eagerness for organizing more curricular activities at the department and university level.
6. Many students expressed the need to upgrade computers in computer Lab as they do not support the latest versions of programming languages.
7. Few students demanded that they should get more time for practical rather than problem solving.
8. Students demanded that an educational tour should be organized by the department.

A →

9. Most of the students gave the feedback that most of the teachers provide the reading material in Pdf files and they are really benefited by that learning material.

Action taken to resolve the issues

1. The matter of acute shortage of regular teaching faculty in the department shall be taken up with the competent authorities.
2. Demand for separate building for department of Mathematics will be made to the authorities.
3. Keeping in view the large number of girl students in the department, it was agreed that there should be a Girls Common Room in the department and steps will be taken in this direction.
4. The issue resolved that a cricket match and annual function will be organised in the department.
5. It was agreed that Director, Ganit Parishad will organize more activities in the department involving active participation of students.
6. The matter of seeking grant from the university for the purchase of new computers in the department shall be taken up by the Chairman with the competent authorities.
7. Discussion about more weightage to practical and instruction hours will be initiated at the level of Staff Council and PGBOS.
8. Educational tour of the department will be organized.

March 24, 2022

A mentor/mentee meeting of the students of M.Sc. (Mathematics) IV Semester was held on 24.03.2022 at 4.00 p.m. in Room No. 204 of Department of Mathematics. 50 students attended this meeting. The students raised the following issues during the meeting:

1. The students raised the issue of a separate building for mathematics department. They said that although, building name is Ganit Bhawan but space for mathematics department is not at all as per its requirements. Their class rooms are not able to accommodate 75 students in a class. They sit very tightly in theory as well as practical classes. Therefore, they demanded that either the whole building be transferred to the

Department of Mathematics or a new building be constructed for mathematics department.

2. Most of the students expressed satisfaction over the teaching arrangements made by the departments for its students but demanded for regular teaching faculty in the department.
3. Many girls stressed for the provision of a Girls Common Room with attached toilet in the department.
4. The students demanded more space in reading room in the departmental library.
5. The students demanded for placement opportunities in department.
6. Upon enquiry, students told that their practical are being done properly.
7. Students thanked the chairman for meeting their demand of the installment of new MM Projector in the department and holding departmental sports meet.
8. Students requested for organizing Annual Function of the department.

Action taken to resolve the issues

1. Demand for separate building for the Department of Mathematics will be placed before the competent authorities of the university.
2. The matter of acute shortage of regular teaching faculty in the department shall be taken up with the competent authorities.
3. Keeping in view the large number of girl students in the department, it was agreed that there should be a Girls Common Room in the department and steps will be taken in this direction to persuade university authorities to provide space and infrastructure for the same.
4. The construction of new building for mathematics department will solve many such problems and efforts will be made accordingly.
5. The efforts for placement derive in the department shall be made.
6. Annual Function and Prize Distribution function shall be organized.

Minutes of Mentor-Mentee Meetings (2020-21 and 2021-22)

M.A Previous – Mentor: Dr. Vibha Aggarwal

M.A Final – Mentor: Dr. L.K. Gaur

Every year two meetings are held in Oct-Nov and March-April for odd and even Semester students. Placed below are the minutes of the meetings with date :

1. M.A Previous (I Semester) & M.A Final (III Semester) held on 5 November 2020 (online)
 - a) Students were asked about the difficulties faced in online classes and exams: the situation occurred due to pandemic Covid 19. Some of the students complained about the poor network in their respective areas. To resolve this issue the mentors assured them that recordings of the lectures and PDF of books (ebooks) will be sent to them so that they can get them downloaded.
Mentees were satisfied with the response. Whatsapp groups were created to be in regular touch with the students. They were also taught about how to join Google meet, screen- sharing and other utilities.
 - b) Some of the students were found gripped with fear of pandemic. Both the mentors helped them to overcome their fears by advising them to take all precautionary measures implemented by Govt. of India as covid protocols.

2. M.A Previous (II Semester) & M.A Final (IV Semester) held on 12 April 2021(online)
 - a)The mentors asked the mentees to speak about their problems, if any. The mentees spoke that they were learning to cope up with the pandemic situation and gradually have become familiar with the online teaching and examination system.

3. M.A Previous (I Semester) & M.A Final (III Semester) held on 15 November, 2021 (online)
 - a)The mentors asked the students to give feedback about the teaching methods and syllabus of M.A Sanskrit.

The mentees said that they are satisfied with the teaching and syllabus.

4. M.A Previous (II Semester) & M.A. final (IV Semester)Offline meeting held on
11 April,2022

The mentees were made aware about the vision of New Education Policy and were asked about the improvements/changes required in syllabus or teaching, if any. No suggestions were received and the mentees were satisfied with the syllabus.

Mentor-Mentee Meeting 25.11.2021

Session 2021-22

1st Meeting (online)

(Roll No. 2-69 of 9th Semester)

This meeting was conducted at 4:15 PM, after the classes of students were over.

1. The very first issue raised by students was regarding Covid-19 situation due to which most of the academic work was conducted online. Students felt that there was uncertainty, stress and anxiety due to such type of situation prevailing globally. As mentor, I resolved this problem by advising them to remain confident in every situation. Situation may be good or bad, but if our state of mind, morale is stable, then sooner or later everything remains good. No situation remains forever. They talked of their forthcoming career related problems due to such a situation. I advised them to do whatever is within their control and to remain positive in life, come what may.

2. Some students asked that they do study but they are not able to achieve much in exams. Their marks are always less. I, as mentor, guided them that it may be due to your method of attempting the examination. Everything depends on your method, then I told them the way of highlighting things, writing legibly, etc.

(15)

3. Students talked of long list of subjects for preparing the competitive examinations. I, as mentor, advised them to handle one subject at one time and devote fully towards it for a fixed duration. Make your timetable for Technical subjects, then do in accordance with this golden rule that do one work at one time. For example, if you play, become a perfect player, but when you eat, eat with full taste and pleasure, happily, etc. Generally, the students were satisfied with studying and teaching learning process.

2nd Meeting (Offline)

I as mentor conducted 2nd meeting with them and discussed with these students their issues.

1. As the students were of 1st semester, they were mainly concerned with their careers. Some students talked about uncertainty in establishing their careers as these are approaches in selection of competitive examinations, therefore, they said, it is very difficult to settle in life. I advised them as mentors, not to look on negative aspects which are beyond our control and fully concentrate on your self. Put in hard work and with full zeal and with practical viewpoint, prepare for various subjects of competitive examinations. If you are in practice, learn humility and leave aside your ego. Ego brings misery. If you achieve something, do not become egoist out of that, rather thank the society which has helped to get you your achievement.
2. Some students talked of projector in Court Room. Through projector, they will have better understanding of Extension lectures delivered by experts, guest lectures by Legal Aid Authority like DLSA, Workshops etc. I agreed and told them that though

always take time. ~~the~~ The Institute has already sent a proposal in this regard. It will be done in future to meet the needs of students.

The meeting ended with satisfaction on the faces of students.

The 3rd mentor-Mentee meeting was conducted on 26th April, 2022 with the students of 1st Semester:

1. The students were satisfied on successful completion of their five year course. They sought my guidance on how to walk ahead in our justice life what should we do to upgrade ourselves and to promote their career. I advised them to walk ahead in life keeping in view always your aim, avoid the useless things and concentrate on useful and positive things. In our career, our honesty, integrity, sincerity, hard work and a mind fully free from jealousy, anger, ill-will towards others is required. For it, we require healthy body, clean mind, healthy mind, self-confidence, powerful thoughts, etc.
2. As students' prime objective/aim is to adopt advocacy after doing law, so they talked of speaking skills required for settling in profession. They said that 'argumentation' is main feature of advocacy. I advised them, as mentor, to argue well, to the point and only relevant when needed. Do not argue only for sake of arguments.

A person should speak less and relevant only. It is better to remain silent than to speak more and create animosity, dishonour, hatred through words. I gave them the example of cross-examination of a witness. In cross-examination, only those points should be taken up which an advocate knows will weaken the case of other. Only useless, irrelevant, illogical points taken before the court undermine the dignity of the person (advocate) and strengthens the case of the opposite party.

Proceeding of 1st meeting

A meeting was organised on 12/11/2021 with students of BALLB 2nd year bearing Roll no. 91 to 133. At that time classes were conducted through online. So it was conducted through Google meet. As per emerged situation students were facing problems relating to co-curricular activities. In this meeting following issues were discussed between mentor-mentee relating to

- i) Digital literacy and Technical issues and

- ii) Lack of in-person interaction

It is assumed that all persons have not good knowledge of digital and technical education. Meanwhile it is a need of time. So all us try to do literate in computer education. Because without computer knowledge it is not possible to attend on line classes. Net work issue is also a big challenge. Some students who reside in remote areas they have lack of resources. Being a need of time we should try

to learn computer knowledge for better future.

In person interaction gives positive effects to society. A person should join group of people to improve communication and transmission.

Co-ordination, cooperation is must for social development.

After that educational institutions were opened and off line classes were started. meeting was called and issues were discussed relating to

- i) Respect to limit and boundaries
- ii) stress related issues.

These issues were discussed and students agreed to maintain themselves within limit and boundaries which applies everywhere. stress related to education, family resources and social behaviour can also be managed with social cooperation. So a person should be neutralised and free from bias.

- i) Commitment to confidentiality
- ii) Behavioural and discipline matters.

It was discussed and advised to the students should be committed towards social and moral duty.

He should have devotion to do his/her work with full of confidence.

If he has such kind of devotion then success will be sure. He must behave with others as he likes.

Life of every person must be normally. In this regard we must follow discipline for betterment. No body can prosper grow without discipline.

1. Proceeding of Online meeting Held on 17 Nov 2021

A online meeting was organised through Google-meet on 17th Nov 2021 at with the students of 2nd year of B.A.-LL.B. (H) bearing Roll No. 58 to 103. The subject of meeting was mentorship.

During meeting the students told about problems, which they are facing.

1. Roll no. 63. Talwinder Singh said that he is able to attend the classes regularly and also getting all kinds of aids notes and help from teachers. But due to Covid-19 restriction imposed by Government, He has no study material in form of books or bare acts in physical form.

For the above stated issue J. Mendas suggested them to visit your District Bar Association library or order for

Director,

Such material, which was
1) required by you to
the Law publisher through
online mode. All got
agreed on the point.

2. Hall No-101, Ariz Rana
said that as they have to
attend all classes online,
so they are facing issues
related to internet speed
and data.

For above said issue I
suggested them to use
low quality videos, so that
it will consume less data
and also use data caps mode
of your devices.

Some students also talked
about some kind of issues.
All these issues were discussed
with students and resolved.
All are directed to follow
guidelines issued by Government
regarding Covid-19.

2. Proceeding of meeting Held on 9 Feb, 2022

A meeting was organized on 9 Feb, 2022 with the students of 3rd year of B.A. LL.B (H) bearing Roll No 58 to 103 in Room No 14 of Institute of Law at 4.00 pm with the object of mentorship.

During the meeting students raised various issues / problem which they are facing in campus after starting of offline classes from 1 Feb, 2022.

Some of issues which are discussed and resolved are as following

1. The students are facing problems regarding allotment of hostel rooms and ~~to~~ those, to whom hostel rooms are already allotted they have the problem regarding meal. Because mess of these hostels were not starting working

Regarding this I suggested them that hostel rooms are allotted as per their merits so

those, who did not get hostel in first merit list, may be they will get in next upcoming hostel merit lists. As regarding working of mess of hostel, they have to contact hostel supervisor or hostel warden and at last to chief warden of hostels, they have to inform them regarding their problems, definitely they will do the needful act.

All the students got agreed.

2. Some of student complaint regarding quality of food in different canteens in campus.

I suggested them if they are having problem regarding the quality of food or other services, which are provided to them in university campus.

They have to inform regarding those problem to Dean of student welfare, he have to check it and also definitely do the needful act to resolve these. All student got agreed.

3. Proceeding of meeting Held on 20 April 2022

A meeting was organized on 20 April 2022 with the students of 3rd year of B.A.L.L.B. (H) bearing Roll No 58 to 103 in Room No 14 of Institute of Law at 4.00 pm with the object of mentorship.

During the meeting students raised various problem/issues. These were discussed and resolved.

Some important issues raised by students are as followings

1. ~~Even~~ As almost everyone was fully satisfied regarding teaching methods of teachers and also regarding completion of their syllabus. But some of them were feeling mental stress regarding that part of syllabus which they were not able to complete by attended classes as they were not got hostels in very starting.

Regarding it I told them that be free and cool regarding

their problem related to any portion of your syllabus. Because as per general practices of Institute of Law every teacher have to take some revision of or remedial classes in institute in which all if you can discuss with your teacher any portion as part of your syllabus regarding what you have any problem/difficulty. All the student got fully satisfied and agreed.

2. Some of students were also feeling stress regarding upcoming final exam in month of may.

I suggested them that its time to study. They must make a timetable in which they have to divide their time as per their comfortable. They must have to keep balance in their mental and physical health. I also advise them to do some physical activities.

it will give you strength both mentally and physically.

All students were fully agreed and also promised me that they will make their timetable and also fix in that some time for physical exercises and yoga so that they can perform well in upcoming exams.

All students were fully satisfied and agreed regarding solution provided to them for their problems.

Class interaction with students of 3rd Sem ECE (B1)

Interaction with the students of ECE third semester section B1 was done to discuss the problems faced by the students of this group. During this interaction session students discussed the issues related with the classes, library cards and the wi-fi connection problems. The main problems faced by these students are:

1. The main teacher for the subject Electronics Devices (Ms. Shefali) is on leave and due to this students are facing difficulty in understanding the subject. This effects their performance in the sessional exam also.
2. The students of the B section do not have the password of the WI-Fi connection due to which they are not able to access the study resources/ material online like nptel lectures, lecture notes etc.
3. The LEET students of the B section have not been issued library cards, so they are not able to issue books which further effects their study and academic performance.
4. Students complained that the benches in the classroom are not clean. No peon clean the classroom, so dusting has to be done by some peon appointed for that room.
5. Students are facing problems in understanding the maths basic concepts. So extra classes for MATH subject may be arranged for the B section students so that they better understand the subject.

There was no other problem faced by the students. The pics of the interaction are attached with,

I have mentored the students of ECE (BI Group) 7th semester. It was the counseling of students on following point that are:

1. First: Prepare effective introduction i.e., Bio Data which describe your family background, academic, hobbies and aim. Also I told him/her why and when it is necessary?
2. Discuss about career i.e., MBA, M.Tech., M.S., Civil Services, SSC-CGE, PO-banking , PSUs, MNCs and how to fulfill it?
3. How to prepare notes and what should be the strategy of students to prepare for competitive exam?
4. Motivate students to take part in social activities i.e., donate blood etc.

In last session students were motivated and guided to set goal first and make a plan for it.

Finally, goals could be achieved by doing consistently focused hard work.

4th Semester, B. Tech .Biotech

A counselling session was conducted of Biotech 4th semester students. Due to exam schedule the number of students appeared was less 15 out of 21. The students were asked to raise issues they are facing on personal and academic front.

1. Most of the students were curious to know about exam pattern and schedule which was clearly elaborated by Dr. Rajesh Kumar and Dr. Sunita Khatak.
2. While many of them were unaware of training programme or module they should enrolled to. The training centre were shared in group with students and potential areas were also explained which can grab them maximum opportunities after B. Tech.
3. Some girl students raise issue of having one common room along with hygiene regarding washrooms .The matter will be discussed with concerned authority dealing with this aspect.
4. Some of the students wish to assign them to respective advisors in beginning of the session so that they can pursue or initiate mini projects along with other projects going in Labs already with doctorate students.
5. Some students ask for internship at institute itself if certificate can be provided in end to avoid financial burden under respective faculty members.

In the end most of the issues discussed on Exam Pattern and Schedule were explained and elaborated in details. Necessary information was shared regarding training centers and potential research areas to pursue project or training. The hygiene and similar issues will be discussed with faculty Incharge and concerned authorities. Moreover students were asked to personally meet the counsellors if they feel hesitation in discussing any personal matter in session. One whats up group was also constituted to avoid unavailability of faculty member on time due to lectures and other assignments so that the message can reach directly to respective counsellors on time.
