Medical Checkup and Nutrition Awareness Camp for 75 Rural Women April 30, 2022, Village-Mirzapur

Report

To celebrate the festival of Azadi Ka Amrit Mahotsav, the Women's Studies Research Centre, Kurukshetra University, Kurukshetra organised a **Medical Checkup and Nutrition Awareness Programme** with aim to do medical examination and create nutritional awareness among 75 rural women.

The programme was organized offline in Panchayat Bhawan at village Mirzapur on April 30, 2022.

This programme was presided over by **Prof. Manjula Chaudhary, Dean Academic Affairs, KUK**. She encouraged the rural women attending the programme to be aware about their health needs and visit the health care provider in case of any symptom of illness, so that it can be cured before it becomes serious.

Dr. Aarti from LNJP Hospital, Kurukshetra and Dr. Ashish Aneja from Kurukshetra University Health Centre were invited to conduct the health checkup.

The event witnessed enthusiastic response from the residents of village Mirzapur. **80 rural women were examined medically and made aware of nutritional**

requirements and sources thereof. Blood pressure, blood sugar, common blood tests and testing of nerves were performed. Doctors provided medicines to the rural women free of cost.

Prof. Anita Dua Director, WSRC made the rural women aware about the importance of balanced diet and nutrition for women. She said that many times women ignore and delay their health needs due to the overburden of domestic responsibilities. Women's health needs are different from that of men, and it needs proper attention. She informed them to include green leafy vegetables, locally available fruits, pulses and multi grains in their daily diet. She said that protein intake is very low among the vegetarians, so we should include soya and pulses in our diet. She motivated women to lower the intake of salt and sugar to avoid life style diseases like blood pressure and diabetes. The flour which we eat can be made richer by adding different grains into it like chana, corn, bajra, jwar etc. She highlighted the importance of intake of calcium after a particular age to make the bones strong and healthy. She also encouraged the women to adopt healthy method of cooking.

Dr. Aarti from LNJP Hospital, Kurukshetra made the women aware about some of the common gynecological diseases. She talked about the irregularities of menstrual cycle, which needs proper treatment, like heavy or low flow, delay or early cycle etc. She informed about the fungal and bacterial infection in the vagina due to which unusual discharge may occur. She said that personal hygiene is important to avoid any kind of infection. She then explained the symptoms of breast cancer and shared the method of self diagnosis of any cyst in the breasts and surrounded area. She said that a woman should conduct self checkup after every six month and consult a doctor in case of any suspicion. She motivated the women to understand the symptoms of menopause and take proper care during this time because it makes the bones of a woman weak. She also made aware about importance of timely diagnosis and timely treatment of diseases.

Dr. Ashish Aneja was accompanied by his team comprising of **Mr. Neeraj, Mr. Anil Kumar, Mr. Sunil and Mr. Amit Nautyal** who conducted tests for blood pressure, sugar and some tests related to nerves.

Dr. Vanita Dhingra, Deputy Director of the centre and Dr. Vandana Dave, Research Officer also encouraged the rural women to adapt healthy life style at the programme.

Online Workshop on Gender Sensitization
For Ph.D Research Scholars/Post Doctoral Fellows (All Disciplines)
July 20 – 22, 2022

Report

Women's Studies Research Centre in collaboration with UGC-Human Resource Development Centre organized online workshop on Gender Sensitization from 20-22 July 2022 for Ph.D. Research Scholars of all disciplines of Kurukshetra University. In this workshop about 65 research scholars both male and female participated.

Delivering the inaugural address Prof. Manjula Choudhary, Dean Academic Affairs, Kurukshetra University said that gender sensitization is a broad term and all the members of the university have to put in efforts for it. The university is dealing with this issue through two bodies, one is the Women's Studies Research Centre, which creates awareness against gender biases in our society and second the ICCASH, which deals with this issue within the university campus.

Prof. Anita Dua, Director, Women's Studies Research Centre said that although women constitute 50 percent of the population of the country, but its contribution in the economy is very marginal. There are physical, social and psychological barriers preventing women from participating in development. Sustainable Development Goal-5 focuses to achieve gender equality and to eliminate gender bias. She said that to bring in more women into development there is a need to work on women's health, financial literacy, use of technology by women.

In the first technical session Prof. Neera Verma, Department of Economics, Gurugram University, Gurugram delivered her talk on Understanding Gender Bias and Gender Equality. Highlighting the report of World Economic Forum on Global Gender Gap Index, she said that India is far behind the neighbouring countries like Nepal, Bhutan, Bangladesh and it will take 135 years to fill this gender gap. She gave an overview of gender roles from ancient time to the current and explained different gender bias prevalent in the society. Discussing discrimination and its types, she also suggested ways to combat it.

The second technical session was conducted by Dr. Hitashi Lomash, Director, Sushma Swaraj Institute of Foreign Service, New Delhi on Leadership Skills. She talked about

sharpening leadership skills in the academic institutions. She discussed psychological safety and need to build psychological safety. She also mentioned some of the important leadership skills like team building, trust building, interdependence etc. which may be beneficial to work as a team.

On the second day, in the third technical session Prof. Vinti Davar, Director, Ural Organics Pvt. Ltd. and Chief Dietician, Ayushman Hospital and Services, New Delhi conducted a session on Women's Health and Nutrition. She defined some of the related terms like nutrition, malnutrition, wellness, fitness, diet etc. and then discussed six types of health issues which are more common these days. These were chronic backache, diabetes, obesity, depression, infertility and cardio vascular diseases. She elaborated reasons of these diseases and suggested methods to keep good health. She also talked about sources of vitamins & minerals, its functions in our body and the consequences of malnutrition and under nutrition.

The fourth technical session was conducted by Prof. Bulbul Dhar James, Dept. of Political Science, Jamia Millia Islamia, New Delhi on Gender based Violence. After explaining the meaning of gender based violence she highlighted its reasons such as misogyny, entitlements, superiority and control sanctioned to males through patriarchy and socialization. She elaborated BOIS locker room, power and control and men's lockdown anxiety which explain gender based violence. She also talked about domestic violence and violence beyond gender binary.

Prof. Nisha Rana from Dept. of Commerce, Deen Dayal Upadhyay College, Delhi in the fifth technical session deliberated upon Work Life Balance. She started her talk with a brief comparison of the challenges and opportunities of each era since ancient to present and also mentioned the phases of evolution of Indian women. She discussed various reasons of women's entry into work as well as current challenges of women's work. Highlighting the need to maintain work life balance, she elaborated KAS model of training, old and new role parameters of women and the dilemmas faced by working women. She also recommended some ways to reduce stress caused due to dual role of working women.

The sixth technical session was dealt by Prof. Vanita Dhingra, Dept. of Social Work, K.U. Kurukshetra on Internal Complaints Committee against Sexual Harassment. She first of all explained the meaning of sexual harassment as per the act and then mentioned the provisions of ICCASH of Kurukshetra University. She explained the scope of the policy, its applicability,

procedure of filing the complaint, method of inquiry and redressal mechanism. She also talked about dos and don'ts in case of sexual harassment.

The last technical session was conducted by Dr. Vivek Chawla, Dept. of Commerce, IIHS, K.U. Kurukshetra on Financial Management. He elaborated the need of financial management, steps and strategies of financial management. He discussed a 50:30:20 formula for management of finances through which one can manage his/her needs, wants and savings in a balanced manner. He also discussed the importance of health insurance schemes.

In the valedictory session Prof. Anita Dua, Director, WSRC readout the report of the three days sessions and then feedback from participants was invited. Chief Guest of this session Prof. Anurekha Sharma, In-charge, Incubation Centre, K.U. Kurukshetra delivering the valedictory address highlighted the need of gender sensitization. Sharing several live examples of gender biasness in science, she motivated the students to come ahead and be sensitive towards each other. She also informed the students about the functions of Incubation Center of the university.

जेंडर संवेदनशीलता के लिए विश्वविद्यालय व समाज के सभी वर्गों को मिलकर काम करना होगा: प्रो. मंजूला चौधरी

समाचार निर्देश व्यूरो कुरुक्षेत्र, (दलघीर मलिक जिला व्यूरो चीफ) कुरुक्षेत्र विश्वविद्यालय की डीन एकेडमिक अफेयर्स तथा मानव संसाधन विकास केन्द्र की निदेशिका प्रो. मंजूला चौधरी ने कहा कि जेंडर संवेदनशीलता एक बहुत ही विस्तृत विषय है, जिस पर विश्वविद्यालय तथा समाज के सभी वर्गों को मिलकर काम करना होगा। उन्होंने कहा कि विश्वविद्यालय स्तर पर दो व्यवस्था बनी हुई हैं जो जेंडर संवेदनशीलता विषय पर काम करती हैं। वे बुधवार को कुश्नि के महिला अध्ययन शोध केन्द्र तथा नृजीसी मानव संसाधन विकास केन्द्र द्वारा पीएचडी शोधार्थियों के लिए तीन दिवसीय ऑनलाइन जेंडर संवेदनशीलता कार्यशाला के उद्घाटन अवसर पर बतौर मुख्यातिथि बोल रही थीं।

प्रो. मंजूला चौधरी ने कहा कि विश्वविद्यालय में कार्यस्थल पर महिलाओं के शौन उन्नीहून के विरुद्ध जेंडर संवेदनशीलता कमेटी सक्रिय रूप से कार्य कर रही है। इसके साथ ही विश्वविद्यालय का महिला अध्ययन शोध केन्द्र समाज के सभी वर्गों हेतु जेंडर संवेदनशीलता पर कार्य करता है। उन्होंने कहा कि समाज में व्याप्त लैंगिक पूर्वाग्रहों को कम करने के लिए हमें अपनी विचार प्रक्रिया को परखना तथा दुरुस्त करना होगा, ताकि हम लैंगिक समानता की ओर अग्रसर हो सकें। इस अवसर पर महिला अध्ययन शोध केन्द्र की निदेशिका प्रो. अनिता दुआ ने सभी का स्वागत करते हुए कहा कि देश की आधी जनसंख्या महिलाओं की है लेकिन यदि विभिन्न क्षेत्रों में उनकी भागीदारी देखें तो यह

अत्यन्त नगण्य है। विभिन्न सामाजिक-सांस्कृतिक, शारीरिक तथा मनोवैज्ञानिक बाधाएँ इसके लिए जिम्मेदार हैं। यह बाधाएँ न केवल महिलाओं की प्रगति को रोकती हैं, बल्कि देश की प्रगति में भी बाधाक हैं। हमें उन समाधानों की आवश्यकता है जिससे समाज के विकास में सभी बराबर के भागीदार बन सकें। सतत विकास लक्ष्य के अन्तर्गत लैंगिक समानता को ध्यान में रखना चाहिए तथा लैंगिक पूर्वाग्रह को दूर करना भी सतत विकास का लक्ष्य है। सभी को इस दिशा में काम करने की आवश्यकता है। उन्होंने कहा कि हर क्षेत्र में महिला शोधार्थियों की संख्या बहुत कम है। हमें स्वास्थ्य, तकनीकी ज्ञान का उपयोग विनीत साक्षरता आदि विषयों पर भी काम करने की जरूरत है।

The lecture series from 17-21 February organised by Department of Biochemistry, KUK concluded with the keynote presentation delivered by Prof. Sucheta Sharma, Professor, Department of Biochemistry, Punjabi Agricultural University, Ludhiana. Her talk on "Anti-nutrients in legumes and their reduction technologies" focused on the anti-nutritional factors that combine with nutrients and act as the major concern because of reduced nutrient bioavailability. She also talked on how these factors can cause micronutrient malnutrition and mineral deficiencies though has several health benefits as well. In the end, Prof. Sucheta also gave an overview to the students on different types of fellowships which they can avail to pursue higher education. In her valedictory address, Prof. Smita Chaudhry, Dean Life Sciences encouraged the students to emulate and get inspired by the hard work and dedication of Sir C V Raman.

Lastly, Prof. Ranjan Gupta, Chairperson, Department of Biochemistry expressed her gratitude to all the resource persons and thanked the University administration for their active support in conducting the series and participants in making the lecture series a grand success.

आजादी के अमृत महोत्सव के अंतर्गत बायोकेमिस्ट्री विभाग, कुरुक्षेत्र विश्वविद्यालय द्वारा आयोजित व्याख्यान श्रृंखला के दूसरे चरण में विभागअध्यक्षा, प्रोफ रंजन गुप्ता ने डॉ प्रवीण पी बलगीर, प्रोफेसर एंड फॉर्मर हेड, बायोटेक्नोलॉजी विभाग, पंजाबी यूनिवर्सिटी, पटिआला का हार्दिक स्वागत किया। डॉ रंजन ने कहा की "पिछले 150 वर्षों में विज्ञान ने एक लंबा और इनोवेटिव सफर तय किया है"। डॉ प्रवीण ने अपने व्याख्यान के तहत यह बताया की वाटसन एंड क्रिक द्वारा वर्ष 1953 में डीएनए के स्ट्रक्चर के शोध के बाद विभिन्न अविष्कारों व खोजों को गति मिली है। उन्होंने विस्तार से ये भी बताया की कैसे जेनेटिक्स टू जीनोमिक्स टू जीनोम एडिटिंग द्वारा एड्स, कैंसर एवं वर्तमान में फैले पान्डेमिक में प्रयोगात्मक अनुसंधान से लाभ उठाया जा रहा है। पुरानी खोजों तथा नवीनतम अनुसंधान के तालमेल और उपलब्ध ज्ञान द्वारा विशेष रूप से कई संभावनाएं विकसित हो सकती हैं। श्रृंखला का समापन 21 फरवरी को प्रो. सुचेता शर्मा, बायोकेमिस्ट्री विभाग, पीएयू, लुधियाना के व्याख्यान से होगा।

Online Lecture Series organised by Department of Biochemistry under
"Azadi Ka Amrit Mahotsav" from 17th - 21 February, 2022

An online lecture series convened by Chairperson, Prof. Ranjan Gupta under the initiative "Azadi ka Amrit Mahotsav" is being organized by Department of Biochemistry, Kurukshetra University, Kurukshetra from 17th February to 21 February, 2022. This initiative is to commemorate Sir CV Raman's contribution to Science and cherishing the role of Science in society. Prof. Ranjan Gupta welcomed the participants and expressed gratitude towards the Vice Chancellor, Dean Academic Affairs, Dean Life Sciences and Director Youth and Cultural Affairs for their support in organizing the event. The first lecture of the series was given by Dr. Parveen Bansal, Joint Director, University Center of Excellence in Research, BFUHS on "Integration of Ayurveda theories for health research". On the first day of the series, Dr. Parveen explained the integration of ancient and modern medicine that blends together in today's medical research and demonstrated the idea by connecting recent noble prizes in physiology and medicine with oldest traditions and theories of Ayurveda. The next lecture of the series will be held on 19th February, 2022.

‘फीडिंग एंड फ्यूलिंग द फ्यूचर’ पर वेबिनार आयोजित

कुरुक्षेत्र। कुरुक्षेत्र विश्वविद्यालय के बाँटनी विभाग में ‘फीडिंग एंड फ्यूलिंग द फ्यूचर’ विषय पर वेबिनार आयोजित किया गया। वेबिनार में कुलपति प्रो. सोमनाथ सचदेवा ने कार्यक्रम की अध्यक्षता की।

कुलपति प्रो. सोमनाथ ने जीरो बजट कार्यक्रम की सराहना की तथा समयोचित वक्तव्य के लिए प्रो. ओम प्रकाश धनखड़ का आभार व्यक्त किया। वेबिनार के मुख्य वक्ता प्रो. ओम प्रकाश धनखड़ ने बदले वातावरण का फसलों पर दुष्प्रभाव के बारे में विस्तार से बताया।

प्रो. धनखड़ ने बताया कि मात्र 1 डिग्री तापमान के बढ़ने से फसलों में लगभग 10 प्रतिशत की गिरावट आएगी। खेती के लिए विश्वभर का 10 प्रतिशत शुद्ध पेयजल खेती में प्रयोग किया जा रहा है तथा यह भूमि में पानी के स्तर का निरंतर कम होने का कारण भी है। अगले 10 से 15 वर्षों में पानी की कमी के चलते गेहूँ व धान की फसलें खत्म हो जाएगी। विभागाध्यक्ष प्रो. नीलू सूद ने बताया कि इस वेबिनार के लिए 250 से अधिक शिक्षकों एवं विद्यार्थियों ने पंजीकरण किया था।

इस मौके पर डॉ. योगेश कुमार, प्रो. माटा, प्रो. शारदा रानी, प्रो. भूदेव वशिष्ठ, प्रो. नरेंद्र सिंह, डॉ. चंद्रभूषण, डॉ. सोमवीर जाखड़, ज्योति चौहान सहित अन्य मौजूद रहे। संवाद

Environment Day 2022

विश्व पर्यावरण दिवस 2022 के उपलक्ष्य में कुर्क्षेत्र विश्वविद्यालय के पर्यावरण अध्ययन संस्थान की एनबीआईओएस सोसायटी द्वारा दो दिवसीय कार्यक्रम आयोजित किया गया, कार्यक्रम के पहले दिन 04 जून 2022 को संस्थान के प्रांगण में पौधरोपण का आयोजन किया गया. इस मौके पर आम, व अमलतास सहित कई फलों के व छायादार वृक्ष पौधरोपित किये गए. संस्थान की निदेशिका प्रोफेसर स्मिता चौधरी ने इस बढ़ती गर्मी में पौधों की महत्ता और पृथ्वी को सुरक्षित रखने में इनकी भूमिका के बारे में बताया. इस कार्यक्रम में संस्थान के एमएससी (पर्यावरण विज्ञान), एम.टेक (ऊर्जा और पर्यावरण प्रबंधन) के छात्रों और पर्यावरण अध्ययन संस्थान के शोधार्थियों व सभी संकाय सदस्यों ने हिस्सा लिया.

कार्यक्रम के दूसरे दिन 06 जून 2022 को विश्व पर्यावरण दिवस 2022 के अवसर पर वरिष्ठ प्रोफेसर के.एस. राव (डीन, औद्योगिकी संकाय, वनस्पति विज्ञान विभाग, दिल्ली विश्वविद्यालय) के ऑनलाइन व्याख्यान का आयोजन किया गया. प्रोफेसर राव ने "जलवायु परिवर्तन एवं पर्यावरण भिन्नता" विषय पर अपने विचार साझा किये. उन्होंने बताया कि मानवजनित गतिविधियाँ ने पर्यावरण में ग्रीन हाउस गैसों के संतुलन को कैसे बदल दिया है और मौसम में परिवर्तनशीलता जलवायु परिवर्तन से किस प्रकार भिन्न है. प्रोफेसर राव ने पिछले और वर्तमान जलवायु परिदृश्यों के बारे में चर्चा की और विशेष रूप से कृषि के क्षेत्र में मौसम पूर्वानुमान प्रणाली के महत्व पर जोर दिया. उन्होंने बताया कि हमारे पास अब अधिक सटीक जलवायु पूर्वानुमान मॉडल हैं. प्रोफेसर राव ने कहा पिछले 10 वर्षों में तापमान में बहुत वृद्धि हुई है व इस औद्योगिक युग में बड़े हुए वैश्विक तापमान के लिए मुख्य चालक मानव गतिविधि है जिसमें प्राकृतिक ताकतें परिवर्तनशीलता जोड़ती हैं. उन्होंने आने वाली सदी के लिए वैश्विक तापमान प्रक्षेपण के बारे में भी चर्चा की.

डीन लाइफ साइंसेज और एनबीआईओएस सोसाइटी की अध्यक्ष प्रोफेसर स्मिता चौधरी ने मुख्य अतिथि वरिष्ठ प्रोफेसर के.एस. राव, प्रोफेसर एमेरिटस शारदा रानी गुप्ता,

धूम्रपान व तंबाकू विशेष विषय पर रसायन शास्त्र विभाग में पोस्टर मेकिंग प्रतियोगिता आयोजित की गई

कुरुक्षेत्र, यशवाच न्यून।

कुरुक्षेत्र विश्वविद्यालय के रसायन शास्त्र विभाग में आजादी के अमृत महोत्सव के तहत रसायन शास्त्र विभाग में तंबाकू व धूम्रपान निषेध विषय के ऊपर एक पोस्टर मेकिंग प्रतियोगिता का आयोजन किया गया। इस अवसर पर रसायन शास्त्र विभाग की विभागाध्यक्ष प्रोफेसर नीरा राघव ने बताया कि ऑफलाइन कक्षाओं के शुरू होने के बाद होने वाले प्रत्येक

कार्यक्रम में छात्र विशेष रुचि दिखा रहे हैं। उन्होंने बताया कि इस प्रतियोगिता में छात्र-छात्राओं ने तंबाकू व धूम्रपान निषेध का संदेश देते हुए आकर्षक पोस्टर बनाए। इस मौके पर रसायन शास्त्र विभाग के सह-प्राध्यापक डॉ. रमेश कुमार ने बताया कि छात्र व छात्राओं ने पोस्टर मेकिंग प्रतियोगिता के बाद एक रैली भी निकाली जिसे प्रोफेसर नीरा राघव ने रसायन शास्त्र विभाग से स्वाना किया।

छात्र-छात्राओं ने तंबाकू व धूम्रपान निषेध का संदेश देते हुए पोस्टर व बैनर के साथ विश्वविद्यालय परिसर में चक्कर लगाया। डॉ. रमेश कुमार ने बताया कि इस रैली के दौरान छात्र-छात्राओं ने उत्साह के साथ धूम्रपान व तंबाकू निषेध का संदेश देते हुए नारे भी लगाए। छात्र कृष्ण कुमार, मनीषा, आईना और शिवानी ने बताया कि वे आगे भी समाज में लोगों को तंबाकू व धूम्रपान से होने वाले हानियों के प्रति सचेत करते रहेंगे।

Chancellor, Prof. Som Nath Sachdeva for providing necessary facilities and motivation to organize such events and also introduced the department to the new batch of students.

In her welcome address, Prof. Neera Raghav introduced the theme of the Induction Programme. Chief Guest, Prof. Anil Vashisth addressed the students and informed about the various activities concerned with DSW office. He stressed upon the COVID protocol to be followed in the department as well as hostels. Prof. Neelam Dhanda discussed about the hostel facilities and the transformations being done in the university from manual to digitalization. Library Incharge, Dr. Chetan Sharma in his address introduced the students about various facilities being provided by Jawaher Lal Nehru library for students. He offered the students to visit the JLN library. Dr. Vinita Dhingra, member Internal Complaint Committee of the university, briefly explained about the significant points regarding ICC platform existing in Kurukshetra University. Prof. Sanjiv Arora, of chemistry department, talked about the best practices of the department. In the last, Dr. Suresh Kumar concluded the events and gave vote of thanks to the authorities, organizers, research scholars, and the students. The programme ended with the recitation of National Anthem.

Prof. Narinder K Mehra, told the participants that majority of the Corona cases in South Africa are caused by the variant of delta strain, omicron, which has now been declared as a variant of concern by the WHO. While stating this, Prof. N.K. Mehra, former Dean of AIIMS, New Delhi said that it was similar to the delta variant, detected first in India, and later spread to Europe and USA. Prof Mehra was speaking in a Webinar "Landscapes of

Covid-19 in India " organised by the Dept of Chemistry, Kurukshetra University on Friday. Prof. Mehra has recently authored the book "Host Immunity and Vaccines Covid-19" A White Paper published by Indian National Science Academy. Prof Mehra further stated that at the moment, it cannot be said with certainty that omnichrone virus can break through the vaccine protection and whether it is more pathogenic than the delta variant. He advised the people to continue to be cautious and take all the precautions.

While offering comments, Prof S.P.Singh, Professor Emeritus of Kurukshetra University said that the chances of a severe 3rd wave, if at all it comes, are far less in view of the elaborate preparation by the Govt. and also by tracing the history of Spanish Flu in which 15 million people died in the second wave in 1918 as compared to the casualties in the third and fourth waves of 1919 and 1920 which were just a few thousands.

Prof Neera Raghav convener and Chairperson of Chemistry Dept. and Dr Hardeep Anand organising secretary, Professor Sanjiv Arora and Dr Suresh Kumar thanked Prof Mehra for the illuminating talk.

ओमिक्रॉन से डरें नहीं, सावधानी बरतें : प्रो. नरेंद्र

कुरुक्षेत्र। कोरोना का नया वैरिएंट ओमिक्रॉन भारत में पाए गए डेल्टा वैरिएंट के जैसा ही है। फिलहाल यह निश्चित रूप से नहीं कहा जा सकता है कि ओमिक्रॉन वायरस वैक्सिन के माध्यम से टूट सकता है या नहीं। इससे डरने की नहीं, सावधानी बरतने की जरूरत है।

यह बातें एम्स नई दिल्ली के पूर्व डीन प्रो. नरेंद्र मेहरा ने कही। वह गुरुवार को कुरुक्षेत्र विश्वविद्यालय के रसायन विज्ञान विभाग की ओर से कोविड-19 का परिदृश्य विषय पर आयोजित सेमिनार में बतौर मुख्य वक्ता बोल रहे थे।

दक्षिण अफ्रीका में कोरोना के अधिसंख्य मामले नए वैरिएंट ओमिक्रॉन के पाए गए हैं, जिसके बाद डब्ल्यूएचओ ने भी चिंता जाहिर की है। प्रो. मेहरा ने कहा कि लोगों को सतर्क रहने और सावधानी बरतने की आवश्यकता है। गौरतलब है कि उन्होंने भारतीय राष्ट्रीय विज्ञान अकादमी से प्रकाशित एक श्वेत पत्र होस्ट इम्युनिटी एंड वैक्सिन कोविड-19 पुस्तक लिखी है। कुरुक्षेत्र विश्वविद्यालय के प्रो. एसपी सिंह ने कहा कि ओमिक्रॉन वायरस के कारण अगर तीसरी लहर की आशंका है, तो सरकार की ओर से उसकी तैयारी भी की गई है। इस मौके पर प्रो. नीरा राधव, आयोजन सचिव डॉ. हरदीप आनंद, प्रो. संजीव अरोड़ा और डॉ. सुरेश कुमार सहित अन्य मौजूद रहे।

ओमिक्रोन से डरने की बजाय सचेत रहने की जरूरत : मेहरा

जगरण संवत्सरा, कुरुक्षेत्र : अखिल भारतीय आयुर्विज्ञान संस्थान नई दिल्ली के पूर्व डीन प्रो. नरेंद्र के मेहरा ने कहा कि कोरोना के नए ओमिक्रोन वैरिएंट से डरने की बजाय सतर्क रहने की जरूरत है। वह बहुत तेजी से फैलता है। वह वांरवार को कुरुक्षेत्र विश्वविद्यालय के रसायन विभाग की ओर से करवाए गए एक दिवसीय वेबिनार में संबोधित कर रहे थे।

उन्होंने कहा कि दक्षिण अफ्रीका में कोरोना के अधिकांश मामले डेल्टा स्ट्रेन के सामने आए हैं। विश्व स्वास्थ्य संगठन की ओर से इसके नए प्रकार को लेकर चिंता जताई गई है। उन्होंने कहा कि इस तरह का डेल्टा वैरिएंट भारत में भी पाया गया है। हालांकि इससे सतर्क रहने और सावधानी बरतने की सलाह दी है।

कुरुक्षेत्र विश्वविद्यालय के प्रोफेसर एम्बरेंद्रसिंह ड. एसपी सिंह ने कहा कि ओमिक्रोन वायरस को देखते हुए

आयोजित वेबिनार में हेल्सा लेते प्रतिभागी।

सरकार की ओर से भी सभी तैयारियां पूरी कर ली गई हैं। इसके साथ ही उन्होंने यह भी कहा कि सेमिनार फ्लू का इतिहास बताता है कि 1919 और 1920 की तीसरी और चौथी लहरों में हताहतों की संख्या, 1918 में दूसरी लहर में हताहत हुए लोगों की तुलना में बहुत कम रही थी। उन्होंने कहा कि अभी भी लोग कोरोना और इसके नए वैरिएंट को लेकर लापरवाह नजर आ रहे हैं। भौंडाबाड़ और सार्वजनिक स्थानों पर बिना मास्क घूम रहे हैं।

विभाग की अध्यक्ष एवं वेबिनार की संवैजिका प्रो. नीरा राधव ने सभी प्रतिभागियों का आभार जताया। इस वेबिनार में डॉ. हरदीप आनंद, प्रो. संजीव अरोड़ा, डॉ. सुरेश कुमार भी शामिल रहे।

polyglycerols in making nano drug delivery vehicles. Dr. Sandeep Kumar, associated with Johns Hopkins spoke on the topic "engineering of biomaterials for biomedical applications". His talk was based on the fabrication of drug delivery systems for targeted administration of drugs. He extensively talked about hydrogel systems and their utility in cancer therapies. Both the sessions were incredibly informative and coping the needs of the hour as with increasing drug related side-effects these strategies are of immense importance. The sessions were chaired by research scholars Ms. Bhawna and Ms. Kajal.

On 23rd April, Dr. Naveen Malik, associated with Weizmann Institute of Science, Israel, discussed "Metallo-organic assemblies for electrochromic smart windows". He emphasized how different counter electrodes and electrolytes can tune the electrochemical behavior of the Metallo-organic assemblies (thin films) devices. He also explained how these assemblies can be used in making cost-effective smart glasses which can be used as windows of automobiles and buildings to control the amount of entering light and solar radiations. In the second session, Dr. Brij Mohan, placed as Faculty of Chemistry, Jimei University, Xiamen, China, introduced "Metal-Organic Frameworks (MOFs) new generation materials for water treatment applications". He brought up one of today's most pressing issues the water crisis to the participants. They learned about the procedures for detecting and removing toxic wastes from

water. Dr. Brij also explained how to design MOFs with high porosity as well as stability and the different applications of MOFs. He made the understanding of the sensing mechanism very clear. The sessions were chaired by Ms Priyanka and Ms Manpreet. All the sessions of the workshop were very interactive and informative. The participants came up with their queries which were efficiently answered by the speakers. The speakers also motivated the participants to think and work on interdisciplinary ideas as this is the need of the hour. They also talked about the research opportunities overseas. Dr. Hardeep Anand and Dr. Suresh Dua coordinated the event. Overall the workshop was a big success achieving its aim to encourage participants in research perspectives.

- Felicitations of Students who got admitted in Ph.D. (USA) on full fee concession
- Interaction with Alumni for motivation
- Overall development of students
- Motivate student volunteers involved at different platforms of university such as NSS, DYCA, Eco-Club

In the event Prof. Sachdeva appreciated the efforts of Prof. Raghav and her team in making the event annual function-cum-alumni meet alive and congratulated the faculty and the chairperson for various achievements in the field of research, academics, bond between alumni and current students. Prof. Som Nath shared with the audience various initiatives taken by the University for the Promotion of research regarding institution of research awards, appointment of Dr. Ramesh Kumar Mehta as Honorary Professor for filing and grant of patent. Chairperson, Prof. Raghav told that during the patent week celebrated by Kurukshetra University from 23-29 April, eight patents have been filed from Department of Chemistry. Four have been from the Lab of Prof. Raghav and other four are from Dr. Suresh's lab. Prof. Raghav told the audience the prestigious history of 61 years and told that the bond between the alumni, department and the students is very strong. Prof. Neera Raghav told the prestigious history of 61 years and shared the contribution of different faculty members, Dr. Ashwani Kumar, Dr. Hardeep Anand, Dr. Ashu, Dr. Ramesh and Dr. Sangeeta in the university. Alumnus Prof. S C Gupta (1961-63), Dr. Jitendra Jangra, Dr. Rimpay, Dr. Surendra Pal shared their memories with the current students of the Department. Dr. Rajendra Dahiya (1973-75), suggested the need for establishing a well equipped testing laboratory in the department. Dr. Suresh Kumar told that the event could not have taken the present shape without the support of Prof. Anil Mittal, director KUKAA and Dr. G. P Dubey. Prof. Anil Mittal congratulated the Department for success of the event and said that KUKAA always welcomes any initiative of alumni for the betterment of university.

STUTI (06.06.2022)

The Department of Chemistry, I.B. College, Panipat requested a visit to Department of Chemistry, K.U. Kurukshetra (KUK) dated 03.06.22. The chairperson has very kindly accepted the request and said that visit can be scheduled on 06.06.22 and can be covered under STUTI program. The undergraduate students along with contingent in charges Dr. Vikram Kumar and Prof. Simran reached the department on 06.06.22 at 10 am. Prof. Neera Raghav, Chairperson, Deptt. of Chemistry, KUK interacted with the students and talked about the importance of chemistry and career in chemistry. She also motivated the students to become a part of Chemistry World in any form. She also apprised the students about the various R & D schemes of the center/state Govt. especially DST. The students visited the research facilities made available in Chemistry Department KUK by DST for example, 400 MHz under DST FIST. Prof. Sanjiv Arora, Professor, Deptt. of Chemistry, KUK has also interacted and motivated the students. The students enjoyed the visit and felt honored to visit one of the renowned departments. The students and contingent in charges got full support of teaching and non-teaching staff during the visit. It was very successful visit.

DETAILED REPORT ON ONLINE SEMINAR ON NATIONAL STATISTICS DAY
i.e. June 29, 2022

A one day Online Seminar on "National Statistics Day" has been celebrated on 29 June, 2022, by the Department of Statistics & O.R., K.U.K to commemorate the birth anniversary of Prof. Prasanta Chandra Mahalanobis 'The Father of Indian Statistics' and to acknowledge his contributions. The seminar had brought leading academicians, statisticians, scientists, researchers and students working in diverse fields on a common platform to discuss and deliberate on different topics. It also provided the premier and multi-disciplinary forum for researchers, practitioners and educators to present and discuss the most recent developments, trends and concerns practical challenges encountered and the solution adopted in the field of mathematics, statistics, operations research, Agriculture Statistics, Biostatistics, bioinformatics, computations techniques, computer science.

Prof. Manjula Chaudhary, Dean Academic Affairs, K.U.K. graced the event as the Chief Guest. She, in her inaugural address, had talked about the role of statistics and its importance in day-to-day life and how interdisciplinary approach can help in planning and programme implementation.

First Speaker: Professor N. Balakrishnan, Department of Mathematics and Statistics, McMaster University, Hamilton, Ontario, Canada.

Topic of Talk: Accelerated Life Testing of One-Shot Devices

The first expert for the morning session, **Professor N. Balakrishnan** explained the problem of one-shot device testing analyses in his talk. After giving some motivating data sets, he had described different methods of inference and also detailed inferential methods and optimal designs under constant-stress (CSALT) and step-stress (SSALT) accelerated tests. Several real-life examples and simulation results had been presented to illustrate all the models and inferential methods. The session was chaired by **Prof. Indra Rani, Co-ordinator of the Seminar & Chairperson of the Department.**

CHAIRPERSON,
Department of Statistics &
Operational Research,
Kurukshetra University,
KURUKSHETRA-136119

Second Speaker: Dr. Ruchi Gupta, Assistant Director, Directorate of Census Operations, Haryana

Topic of Talk: 'Overview of Census of India'

A brief history of the Indian Census, legal provisions for census taking, and challenges being faced by the Census officers while collecting data in the field were discussed in her talk. Apart from this, individual and household information collected during both phases of the census, census data processing, census data tabulation, and main publications released by the census organization were also explained. Finally, the methodology being adopted for the ensuing census, which is, for the first time, a digital collection of the Census data i.e. on Mobile App was also comprised in the talk. The session was chaired by Ms. Rimmy Sharma.

Third Speaker: Prof. Parmil Kumar, University of Jammu

Topic of Talk: Data for Sustainable Development

The last lecture of the morning session was by Prof. Parmil Kumar who talked about sustainable development and how related data are collected and are used for different sustainable programmes. He has also explained the need of data in order to meet sustainable goals. The session was chaired by Dr. Jitender Kumar, Assistant Professor, Department of Statistics & O.R.

Fourth Speaker: Prof. Kanchan Jain, Department of Statistics, Panjab University, Chandigarh

Topic of the Talk: 'Intertwining of Statistics and Actuarial Science'

Prof. Kanchan Jain explained how statistics and actuarial science are related, meaning and importance of actuarial life tables.

The healthcare systems need to study and acknowledge mortality rates within a population. It is imperative because it can help in projecting future populations based on mortality rates. Additionally, it can be used to help with the prediction of populations or demographics and aid in comparing results nationally or internationally. Finally, actuarial life tables are vital to insurance companies that utilize the tables to project future insured events, such as death or disability.

She also emphasized on career opportunities in actuarial science and different universities offering the programmes. The session was chaired by Dr. Mamta Oberoi, Assistant Professor, Department of Statistics, M.L.N College, Yamunanagar, Haryana.

The Session was ended with a vote of thanks by Ms. Ankita Roy Chowdhury.

19TH JAN, 2022 TO 20TH JAN, 2022

दो दिवसीय कार्यशाला का आरम्भ कुरुक्षेत्र विश्वविद्यालय में ऑनलाइन के (Google meet) के माध्यम से प्रातः 11:00 बजे कुलगीत 'वेदभूमि यह कर्म भूमि है, ज्ञान भक्ति का अमित रूप है' से हुआ। तत्पश्चात् कार्यशाला का आरम्भ मुख्य अतिथि कुरुक्षेत्र विश्वविद्यालय के कुलपति प्रो० सोमनाथ राविवेदा जी को आमंत्रित किया गया जिनका अभिनन्दन अध्यक्ष महोदय डॉ० आरती श्योकन्द जी एवं आभार ज्ञान प्रो० सुविदिमता शर्मा जी ने किया। कार्यशाला का संचालन डॉ० अशोक शर्मा जी (सहायक प्राध्यापक) ने प्रथम प्रवक्ता डॉ० अमृत पाल सिंह जी को आमंत्रित किया। डॉ० अमृत पाल सिंह जी, राजीव गाँधी जवर्नमेंट कालेज साहा (अंबाला) हरियाणा में प्रिंसिपल के पद पर कार्यरत थे। आपने हरियाणा सहित अन्य स्थानों पर भी व्याख्यान प्रस्तुत किया है। आपने गायन विधा में एम०ए० की डिग्री प्राप्त की साथ ही विशारद भी किया। आल इंडिया रेडियो एवं दूरदर्शन पर भी अनेकों प्रस्तुतियाँ दी।

आपका वक्तव्य बहुत ही सुन्दर रहा, आपने विषय "Soft Skill and Employability Enhancement of Students in the Music Industry" पर विभिन्न मार्ग प्रशस्त किये। अनेकों अलंकारों के माध्यम से यह बताया कि किस प्रकार विद्यार्थी कोई भी गीत कम्पोज कर सकते हैं, नयी-नयी धुन तैयार कर सकते हैं। आपके बताने का तरीका इतना सहज था कि जो विद्यार्थी संगीत से न जुड़ा हो उसे भी स्पष्ट समझ आ जाये। आपने रफी साहब का गीत 'आवाज़ माँझी जायेगा कहा, आसानी भरा दिल, चाहे तो डुबो दो, चाहे बचा लो' भी गाया और उसमें स्वरो के

अनेकों पुरस्कार से नवाजा जा चुका है। आपका वक्तव्य सभी विद्यार्थियों के लिए लाभान्वित रहा। इस सत्र का ध्वन्यवाद ज्ञापन प्रो० शुचिरिमिता शर्मा जी ने एवं समापन प्रो० अशोक शर्मा जी ने किया।

इसी क्रम के दूसरे सत्र का आरम्भ दोपहर 2:15 बजे डॉ० मुनीश कुमार जी (सहायक प्रध्यापक) के द्वारा किया गया जिसमें आपने कुरुक्षेत्र विश्वविद्यालय के एल्फ़िनाई छात्र श्री जय खन्ना जी को आमंत्रित किया। श्री जय खन्ना जी वर्तमान समय में मुम्बई में संगीत निर्देशन एवं कम्पोजर के रूप में कार्यरत हैं। विषयानुरूप आपने वक्तव्य में सांगीतिक शिक्षा में रोजगार के अवसर को बढ़ाने हेतु बताया कि संगीत की शिक्षा के साथ-साथ निर्देशन की भी शिक्षा की व्यवस्था की जानी चाहिए। क्योंकि छात्र संगीत की शिक्षा तो प्राप्त कर लेता किन्तु निर्देशन के क्षेत्र में उसका प्रयोग कैसे करें इसमें अनेक समस्याओं का सामना करना पड़ जाता है।

आपने बताया कि कैसे आपने लघु-शोध (M.Phil.) करने हेतु संगीत निर्देशन को अपना विषय बनाया और साक्षात्कार हेतु श्री लक्ष्मीकांत जी, रवि जी एवं ओ०पी० वैद्य आदि कैसे बड़े-बड़े कलाकारों से मिलने का अवसर प्राप्त हुआ। आपका कहना है कि विश्वविद्यालयों में कलाकार नहीं बनाये जा सकते। आपने सांगीतिक शिक्षा में कम्पोजर, अर्जेजर, निर्देशन की शिक्षा की व्यवस्था पर ध्यान देने का सुझाव भी दिया।

सपना अवस्थी, साधना सरगम आदि विभिन्न ऐसे शक्तिसयत हैं जिनके साथ आपने सफल निर्देशन किया। सत्र का समापन डॉ० मुनीश जी एवं ध्वन्यवाद ज्ञापन डीन महोदय प्रो० शुचिरिमिता जी के द्वारा किया गया।

प्रथम दिवस दोनों ही सत्रों में कम से कम दो सौ से कई सौ विद्यार्थी जुड़े रहे और कार्यशाला से लाभान्वित हुए। छात्रों ने अपने प्रश्नों का उत्तर प्राप्त कर अपनी जिज्ञासाओं को भी शान्त किया।

द्वितीय दिवस 20/01/2022 का प्रथम सत्र पुनः प्रातः 11:00 बजे कुरुक्षेत्र विश्वविद्यालय के कुलगीत 'देवभूमि यह कर्म भूमि है, ज्ञान भक्ति का अमिट रूप है' से

का संचालन पद ग्रहण करते हुए, प्रथम वक्ता पं० विजय शंकर मिश्र (बनारस) जी को आमंत्रित किया। आप बहुत प्रसिद्ध तबला वादक हैं साथ ही आपने इस क्षेत्र में छः किलोमीटर भी लिखी है। आपने गुरु रूप में अपने पिता शिरोमणि तबला वादक पं० गंगा महाराज जी से शिक्षा प्राप्त की। आपने इस क्षेत्र में अविरोधनीय कार्य किये। आपको अनेकों सम्मान प्राप्त हुए जैसे एच०आर०डी० मिनिस्ट्री से सुश्री स्मृति ईरानी जी से सम्मान, जूनियर एवं सीनियर फेलोशिप, मिनिस्ट्री ऑफ ह्यूमन रिसोर्सेस डेवलेपमेंट, गवर्नमेंट ऑफ इण्डिया इत्यादि।

आपने रोजगार के अवसर के साथ-साथ विषयों को रियाज़ करने के लिए भी महत्वपूर्ण सुझाव दिये तथा रोजगार के अवसर कैसे उत्पन्न कर सकते हैं इस पर भी विस्तार से बर्खा की। आपने सत्र का आरम्भ एक कहानी के माध्यम से किया साथ ही यह भी बताया कि यदि सरस्वती और लक्ष्मी दोनों की इच्छा रखते हैं तो गणेश अर्थात् धन और बुद्धि के देवता को साथ लीजिये अर्थात् आपका रियाज़ (अभ्यास) ही आपको रोजगार के अवसर प्राप्त कराता है। इस संदर्भ में आपने विभिन्न उदा० प्रस्तुत किये जैसे- प्रसिद्ध गायक बैजू बावरा ने ध्रुपद का आविष्कार किया किंतु राजा मान सिंह ने उसका प्रचार-प्रसार किया चूंकि धन की आवश्यकता होने के कारण उसे उन्होंने देव दिया, इसी प्रकार राग तोड़ी का आविष्कार करने पर धन की आवश्यकता होने पर उसे गिरवी रख दिया। रागों को धन से भी ज्यादा मूल्यवान बताया जो समय आने पर वह इस प्रकार मददगार साबित हुआ। यह व्यवसाय ही था।

इसी क्रम में सदारंग-अदारंग जी जो प्रसिद्ध ध्रुपद गायक थे बाद में ख्याल शैली का भी गायन आरम्भ किया। आपने संगीत-नृत्य सभी विधाओं की बात करते हुए यह स्पष्ट किया कि जब बड़ोदरा में महाराजा सयाजीराव विश्वविद्यालय, वाराणसी-काशी संगीत समाज, ग्वालियर-राजा मान सिंह तोमर, प्रयाग-प्रयाग संगीत समिति एवं चंडीगढ़ में प्राचीन कला केन्द्र तथा आकाशवाणी की स्थापना हुई तो पं० अच्युत महाराज, पं० शम्भू महाराज, बेगम अख्तर, अहमद जान थिरकेवा, पं० विष्णु टिगन्दर आदि बड़े-बड़े कलाकारों को गुरु के पद पर कार्य करने हेतु बुलाया जिन्होंने अनेक विकल्पों को अपना लिया। आप कहते हैं कि यह अवसर मिलने पर ही अपने गणेश सेने

लगा साथ ही पुस्तकें भी लिखी जाने लगी। इसे शास्त्र के साथ-साथ विज्ञान भी बताया।

आपने वक्तव्य के दौरान यह भी कहा कि यह कला मात्र घरानेदारों की जागीर नहीं है। इन संस्थाओं के अतिरिक्त केन्द्रीय विद्यालय, महाविद्यालय, विश्वविद्यालय आदि स्थान पर भी काम करने के सु-अवसर हैं।

वक्तव्य के दौरान आपने इस ओर भी दृष्टि की कि विश्वविद्यालय में कलाकार नहीं बन सकते हैं किन्तु उसका कारण भी स्पष्ट किया कि विज्ञान एवं अन्य विषय के छात्र दाराहवाँ पास करके बी०ए० में आते हैं किन्तु संगीत की शिक्षा में ऐसा नहीं है यह विद्वम्बना है गायन, वादन या नृत्य में बिना पूर्व शिक्षा अथवा डिप्लोमा के बी०ए० में प्रवेश मिल जाता है जहाँ पर आपको आगे बढ़ने की शिक्षा प्राप्त करनी है वहाँ अपनी शिक्षा का आरम्भ कर रहे होते हैं। तो समस्या तो आएगी ही।

वक्तव्य को बढ़ाते हुए आपने बताया कि टैगोर फेलोशिप-50,000/- से 80,000/-, संगीत नाटक अकादमी के द्वारा छात्रवृत्ति, पुस्तक लिखने और प्रकाशित करने के लिए भी संगीत नाटक अकादमी मदद करती है, भारत सरकार, आकाशवाणी आदि स्थानों पर भी दुर्गापूजा, श्री कृष्ण जन्माष्टमी आदि अवसरों पर भी लेख प्रस्तुत किये जाते हैं।

आपने सिनेमा में भी अनेक अवसर सुझाएँ जैसे फिल्मों में काम एवं विभिन्न विज्ञापनों में संगीत आवश्यकता पर प्रकाश डाला। इसी क्रम में संगीत चिकित्सा की भी चर्चा की साथ सुझाव भी दिया कि विभिन्न अस्पतालों प्रातः 8 बजे से सायं 8 बजे विलम्बित ध्वनि में बजाया जाये तो उससे नींद बहुत अच्छी आती है नींद की दवा लेने की आवश्यकता भी नहीं होगी। उच्च रक्तचाप की समस्या में शान्त और शृंगारिक गीत तथा निम्न रक्तचाप में तेज संगीत सुनना चाहिए।

वर्तमान समय की समस्या को देखते हुए (Covid-19) Online ऑनलाइन शिक्षण प्रक्रिया को बहुत उपयोगी बताया।

संगीत में व्यवसाय को देखने हेतु आपने शिष्यों को कहा कि आँखों से पट्टी खोलिए अर्थात् रियाज़/अभ्यास में ही आपका समाधान छुपा है। राग एवं बंदिशें वेशकीमती हीरे हैं। ऐसे अनेक कलाकार एम०एस० सुब्बा सक्ष्मी, लता जी, अनिय विस्वास, पं० सामता प्रसाद जी एवं उस्ताद विस्मिता खॉं साहब आदि अनेक ऐसे उत्कृष्ट कलाकार हैं जिन्होंने संघर्षपूर्ण जीवन जीते हुए अभ्यास किया और इस मुकाम पर पहुँचे।

उस्ताद मो० हरीफा खॉं जी के बारे में बताया कि उन्हें दहेज में कायदे, गत आदि मिले थे। इससे अंदाजा लगाया जा सकता है कि गाड़ी बंगला, बैंक बैलेंस से अधिक मूल्यवान हमारा अभ्यास है।

आपने अपनी पुस्तक का भी जिक्र किया जिसमें ऐसी बंदिशों का संग्रह है जो बहुत ही कठिनाईयों से प्राप्त होती है।

आपके वक्तव्य से स्पष्ट हो रहा था कि आप कितने गुणी एवं सहज कलाकार हैं।

औपचारिकता धन्यवाद प्रो० शुचिस्मिता मैम एवं समापन डॉ० ज्ञान सागर सिंह जी के द्वारा किया गया।

द्वितीय दिवस के दूसरे सत्र का आरम्भ डॉ० दीपक शर्मा द्वारा डॉ० दिनकर शर्मा जी को आमंत्रित किया गया। आप पटियाला घराने के उस्ताद भूरे खॉं साहिब जी के शिष्य, 'A' ग्रेड कलाकार सुगम संगीत गजल एवं 'B' हाई ग्रेड हरिमोनियम (शास्त्रीय) ऑल इण्डिया रेडियो एवं दूरदर्शन। आपने देश-विदेश, बॉलीवूड के साथ ही बड़े-बड़े कलाकारों के साथ सफल प्रदर्शन किये। आपने अनेकों उपलब्धियाँ प्राप्त की हैं। आपने अपने वक्तव्य को अनुभव के माध्यम से साझा किया। जब आप अमेरिका गये तो वहाँ देखा कि 15 से 20 वर्ष के छात्र भी बहुत सुर में गा रहे थे और उसी प्रकार वाद्य भी बजा रहे थे। सबसे अच्छी बात यह है कि पाश्चात्य संगीत सभी स्थान पर एक ही जैसा विद्यमान है जैसा पेरिस, लंदन, जापान आदि स्थानों पर लिपिबद्ध करने की शैली एक ही जैसे है, उसमें भिन्नता नहीं है। आपने विश्वविद्यालय, विद्यालय में इस प्रक्रिया

को सम्मिलित किया जाना चाहिए ऐसा कहा आपके अनुसार सही समय पर उचित मार्गदर्शन बहुत महत्वपूर्ण है।

आपने भी अन्य आदरणीय गुरुजनों की भाँति विभिन्न पक्षों को हम सबके समक्ष रखा जैसे म्यूजिक अरेंजर, डबिंग डायरेक्टर जो यह बताते हैं कि गायक को जितना तेज बोलना है, कहाँ हँसकर बोलना है, कहाँ पंघिग चाहिए यह सब काम होते हैं। एक विद्यार्थी को गाने के साथ-साथ वेस्टर्न रिद्म, मेलोडी, हारमनी, राग यगन में क्या स्वर होगा, वाइस कल्चर अर्थात् काकू प्रयोग आना चाहिए। लड़कियों के गाने के लिए मेल स्केल पहला काला, दूसरा काला बताया। स नि ध प म आदि स्वरों के माध्यम से खरज के प्रयोग बताया। सा रे ग म प ध नि सा स्वरों के माध्यम से केवल तींद्र करना, आलाप आकार के माध्यम से सरगम का रियाज बताया। आपने सुर को कैसे साधे यह भी स्पष्ट किया-

माथे से होता हुआ नाक
के द्वारा स्वर का प्रयोग

आपने एस0बी0 बालासुब्रमण्यम, आर0डी0 बर्मन आदि के साथ भी काम किया। अभ्यास के समय हरि ओम् शब्द के उच्चारण पर भी गाकर बताया। नामि, छाति, गला (मुँह) माथा, नाक से ध्वनि कैसे उत्पन्न करें। आ जा, आ जा जुदा न होंगे हम गीत गाया तथा (वाइस कल्चर) काकू प्रयोग समझाया। प ध नी प ध नी ग म अलंकारों के माध्यम से खरज का प्रयोग स्पष्ट किया। स स रे ग ये कहा आ गये गीत प्रस्तुत किया। आपने कृष्णमत-शिवमत के साथ धुप्रद, ख्याल, टप्पा, दुमरी, देशभक्ति आदि गायन शैलियों में क्या रंग होना चाहिए इस पर भी चर्चा की एवं इसके महत्व को बताया।

EVENT REPORT

Subject: Report on one-day workshop on the topic 'Entrepreneurial Opportunities & MSME's'

On 21 February 2022 a workshop was organized by Institute of Management Studies regarding 'Entrepreneurship opportunities and MSME's'. The main objectives of the workshop were:

- to acquaint the participants with new avenues of employment,
- to cope up with the rising problem of unemployment,
- to learn ways to set up new entrepreneurial ventures,
- to know about the schemes provided by government to help educate youth in this context.

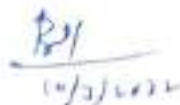

Director, Institute of Management Studies Prof. B.S.Bodla delivered his talk on the topic on entrepreneurial opportunities. He added that there are a large number of opportunities available to the youth for starting their own business like digital marketing, e-commerce, tax filing returns, marketing research, online tutoring, report writing. He also added that in order to become a successful entrepreneur one needs to be hardworking and must have good communication skills & should have the capability of taking calculated risks.

After that Dr. Rakesh Kumar (Head, Deptt. of CSE, Central University, Haryana) shared his views on the topic 'Digital Marketing'. He said that digital marketing is becoming an important source of employment generation in today's world.

Shri Hitesh Gulati, who is the founder of Diversity Ace Business Consultants, gave his views on the topic 'How to start Entrepreneurship'. He said that an important requirement for setting up of new business is removal of fear of failure from one's own & one's parent's mind.

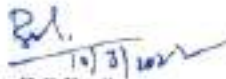

Ms. Meenu Dhiman (Asst. Director, MSME, Karnal) told about various schemes of MSME & also told that which schemes can be put to use by BBA, MBA Students to start their own business.

This Workshop was attended by the students of 6th, 8th and 10th semester. The workshop was convened by Dr. Rajan Sharma.

10/2/2022

Dr. Rajan Sharma in the capacity of convener-workshop conveyed thanks to all the participants & resource persons at the end of the Workshop. Other faculty members namely Dr. Jai Kishan Chandel, Dr. Anil Kumar, Ms. Sangeeta Dhir, Ms. Disha Kakkar, Ms. Meenakshi Godara & Ms. Palak Bajaj also attended the workshop.

December 30-31, 2021

organized by
DEPARTMENT OF GEOGRAPHY
KURUKSHETRA UNIVERSITY
KURUKSHETRA 136119
HARYANA, INDIA

INVITATION

The 21st Association of Punjab Geographers (APG) Meet and International E-Conference is being hosted online by the Department of Geography, Kurukshetra University, Kurukshetra, Haryana, India on December 30-31, 2021. The focal theme of the international conference is *Agriculture, Food Security, Health and Wellbeing*.

The conference, however, shall be inclusive in nature and provide an open platform to all the scholars of geography and allied disciplines to present the findings of their research in the technical sessions. Plenary lectures by distinguished scholars on the subjects of their specialisation, group discussions on targeted areas of teaching and research in geography and professional issues of the discipline will also be organized during the conference.

All members of geography fraternity and researchers from allied disciplines are cordially invited to present their research paper and participate in the discussions and proceedings of the two-day conference.

THE FOCAL THEME

The topic of agriculture meet had been especially linked to the issue of providing food security to the present scenario that experienced growth and access to population pressure on the land resources. The fundamental purpose of the modern agriculture continues to provide food of sufficient quality and quantity for feeding and sustaining the increasing world population sustainably to feed all the people lead healthy and productive lives. The accessibility of food has become an essential factor of socio-political concern in the wake of COVID-19 pandemic induced loss of livelihood, unemployment and economic crisis. In present agriculture all over the globe face the crisis of multi-dimensional magnitude. The farmers are facing the dilemma of ecological sustainability of agriculture versus improvement in their economic lot. Optimization of agriculture, increasing production cost, withdrawal of subsidies, lack of agricultural market and storage facilities have posed the challenge of sustainability to this economic pursuit that provides livelihood to a large chunk of population in developing countries like India. The accessibility of the quality and nutritious food and its absorption are the key factors in maintenance of community health and wellbeing.

India has come a long way in terms of food production and agricultural development since independence. It is self-sufficient in production of cereals, milk, fruits and vegetables. But production of pulses and oilseeds is not sufficient to meet the domestic needs. Furthermore, the accessibility of food is a serious issue for one-third of population. The economic disruption caused by COVID-19 has pushed a sizeable section of population below poverty line and at the brink of food insecurity. Consequently, the Government of India had to provide free food grains to such people through public distribution system. Though the country has shown some improvement in nutritional status of the people in the present century, still in its rank in global hunger index, in the world during recent period is a big cause of concern.

SUB-THEMES

- COVID-19 and Food Production Systems
- Crop Diversification and Agricultural Sustainability
- Agricultural Infrastructure and Modernization
- Agricultural Crisis and Farmers' Suicides
- Sustainability of Agricultural Systems
- Natural Resources Management and Food Security
- COVID-19 and Food Accessibility
- Climate Change and Food Security
- Historical Development and Nutritional Security
- Gender Dimensions in Access to Food

- Organic Farming
- Health and Nutrition
- Rural Livelihood and Wellbeing

Besides above mentioned themes and sub-themes, the papers would be accepted for presentation on the topics related to all the sub-fields of geography and its methodological tools and philosophy.

SUBMISSION OF ABSTRACT

Participants intending to present papers or posters are required to send the abstract (not exceeding 300 words) to the Convener at the email: apgeet21@gmail.com by December 30, 2021. The young scholars sending abstract to participate in the 'Young Geographer Award' and posters for 'Promising Geographer Award' should mention 'Abstract for competition'. Information about acceptance of paper will be intimated by December 26, 2021 through email. The abstract of only the registered participants will be included in the Volume of Abstracts. Abstract must be written in English and MS Word or worded. Times New Roman and Font in Size 12. Title should be clear and preferably within 17 words. The author's name, affiliation and e-mail ID should be placed below the title. The abstract must be clearly drafted in the sequence: statement of the problem, objectives, methodology and findings.

Dr. Saranbaj Singh Memorial Young Geographer Award

Original research papers, along with bio-data of the authors who have done Masters in Geography and have not attained the age of 31 years, are invited from all over India and SAARC countries for the Young Geographer Award competition. A soft copy of the paper prepared according to the guidelines for the authors of Punjab Geographer should be submitted in English to Dr. B.R. Thakur, Associate Professor, Department of Geography, H. P. University, Sharda (E-mail: brthakur13@gmail.com, Mob: 9811983311), with a copy to Dr. Lakshmi Singh Gill, General Secretary, Association of Punjab Geographers (E-mail: generalsec@apgeet.com, Mob: 981483741). The name of the author and department should not be mentioned on the paper, but in the covering letter, to keep secrecy. Evaluation and competition will take place only if three or more participants attend. The paper must accompany a proof for the age and a certificate about the originality of the paper. The winner will be awarded a cash prize of Rs. 3000/- and first runner-up with a cash prize of Rs. 2000/- along with certificate. The Award Money will be adjusted towards membership of the participant if not a member of the APG. The papers received later than December 30, 2021 will not be considered for evaluation. It is mandatory on the part of the participant to submit the certificate of date of birth and Masters' degree in Geography at the time of submission of the paper to the convener. For detailed rules and research paper format, please visit www.apgeet.org.

Prof. B. Shama Malik Promising Geographer Award

Under this award, Poster Presentation Competition is organized on the theme of the conference. Young Geographers, who have done Masters in Geography and have not attained the age of 31 years, are invited from all over India and SAARC countries for the Promising Geographer Award competition. The abstracts of this award shall submit soft copies of their original posters along with bio-data in English to Co-ordinator of this award, Dr. Vidya B.S. Chandel, Associate Professor, Department of Geography, Punjab University, Chandigarh (E-mail: vidyab@punjabuniversity.ac.in, Mob: +91-987361963), with a copy to Dr. Lakshmi Singh Gill, General Secretary, Association of Punjab Geographers (E-mail: generalsec@apgeet.com, Mob: 981483741). The winner will be awarded with a cash award of Rs. 1000/- the first runner-up.

Rs. 200/- and the second meeting Rs. 300/- respectively, along with vouchers. The papers received later than December 28, 2021 will not be considered for evaluation. KURUKSHETRA

Spirituality is embedded in the land, water and air of Kurukshetra. It is revered as a place of historical and religious significance where Lord Krishna is believed to have preached the philosophy of dharma embodied in the Bhagwad Gita along Mahabharat battle. It is a treasure of the association of this sacred place with the triumph of good over evil, it has been described as Dharmadhatu (field of righteousness) in the Bhagwad Gita. Kurukshetra refers to dhara or flow being between the two holy rivers, Saraswati in the north and Drishadvati in the south. There are evidences that Buddha visited this place and delivered discourses. These are known as Buddhists which was earlier called Shikharvata meaning 'Place of God' was the Capital of Emperor Harsha Vardhan.

KURUKSHETRA UNIVERSITY

Kurukshetra University, Kurukshetra, is a NAAC accredited 'A+' Grade institute of higher education. Situated on the west bank of Sarswati Sarovar, the campus of the University is a picturesque landscape spreading over an area of 421 acres. The foundation stone of Kurukshetra University was laid by Dr. Rajendra Prasad, the first President of India on January 11, 1977. The University which was initially a unitary institution with a focus on Sanskrit and Indic Studies, developed into a mega multi-faculty institution. There are 18 Faculties comprising 47 departments/institutes which together run 775 courses. The University has the air-conditioned Institutional Values Central Library, with a seating capacity of about 1000 scholars at a time. Entry campus has free access to internet through Wi-Fi internet connection. It provides students and scholars access to books, journals and other e-resources. The University campus has been rated as one of the most beautiful campuses in India. The most remarkable feature of the campus is the seamless interconnection between the natural and the built environment.

DEPARTMENT OF GEOGRAPHY

The Department of Geography was established at the UG level in 1965 under the Faculty of Sciences of the University. It was elevated to PG level in 1987. At present, the Department offers two post-graduate and research courses, M.Sc. and Ph.D. degrees. It has emerged as a leading academic centre of geographical studies in northern India. The Department is known for pioneering work in the field of Agricultural Geography. However, the faculty members are pursuing their academic interest in various other fields, i.e. Urban and Population Studies, Environment, Regional Development and Planning, Health Geography, Land and Water Resource Management. The Department have GIS and GPS laboratories, equipped with software used for image processing and digital mapping. The researchers, both students and teachers, make liberal use of geo-spatial technology and statistical techniques for the analysis of geographical data.

DETAILED REPORT OF THE 21st APG MEET AND INTERNATIONAL E-CONFERENCE ON AGRICULTURE, FOOD SECURITY AND WELLBEING

Two-day International E-Conference and 21st APG Meet on the theme *Agriculture, Food Security, Health and Wellbeing* organized by Department of Geography, Kurukshetra University concludes today. The conference was presided over by Prof. Som Nath Sachdeva, the Vice Chancellor of Kurukshetra University. Professor Sachdeva congratulated the department for organizing the conference on the issues of current relevance. He emphasized the need of crop diversification and promotion of organic farming for the sustenance of agriculture and strengthening of food security. He said the use of green technology and ecosystem services is key factor for agricultural development and environmental management of natural resources. In his inaugural address of the conference Prof. G.S. Ghuman, former Vice Chancellor, Punjabi University Patiala, deliberated in details about different dimensions of food security and policy issues in India. He said that the per capita availability of food in India has declined during last 30 years of post-liberalization period. There are serious issues with the economic access to food which is reflected by the malnutrition indicators. The poor section of the society has suffered the most in this regard and the situation has aggravated during COVID-19. Prof. Ghuman also deliberated in details about the government policies on food security with reference to MSP, PDS, MNREGA, sanitation and nutritional programmes. He emphasized on the need of public investment in agricultural infrastructure and improving economic accessibility of food.

On this occasion Dr. M.H. Qureshi, former professor JNU, New Delhi, delivered Prof. Jasbir Singh Memorial Lecture on the theme *Methodological Moorings in Agricultural Geography*. There were two plenary sessions organized in the conference on the themes of *Pandemic, Food Security* and *Agricultural Development and Food Accessibility* where eight social scientists

including three from abroad discussed the issues of COVID-19 impacts on employment, food security and economic development, agricultural crisis, grey imprints of green revolution and transition from organic to inorganic agriculture. In the technical session 72 researchers presented their papers through ten academic sessions. The valedictory session of the conference was presided over by Prof. Manjula Chaudhary, Dean Academic Affairs, Kurukshetra University. Dr. Sachidanand Sinha, Professor at Centre for the Study of Regional Development, JNU, New Delhi delivered the valedictory address. On this occasion Prof. Rajeshwari of the department presented the conference report and Prof. Omvir Singh, chairperson and convener of the conference extended the vote of thanks.

KU VC inaugurates five day skill development training program

ISHIKA/SANGEETA
KURUKSHETRA, JAN 21

Enhancement of skills and knowledge of latest developments in the field in which one is working is of utmost importance for the existing staff of universities and colleges. We need to give the latest and the best to our students who must be prepared to work in a fast changing work-place.

These views were expressed by the KU VC Prof. Som Nath Sachdeva at the inauguration of a five-day skill development training program for laboratory staff organized under the joint aegis of IHS and Rashtriya Uchchatar Shiksha Abhiyan on Tuesday. He further said that in accordance with the New Education Policy and the fast changing environment, it is necessary for students to have positive attitude, latest skills and brushed up knowledge. Faculty and supporting staff has a major role to achieve this goal.

KU Dean Academic Affairs Prof. Manjula Chaudhary was apprised of various glorious achievements of the institute. She gave suggestions for various future plans,

IHS Principal Dr. Sanjeev Kumar Gupta, welcomed the guests and presented a detailed report of the progress of the institute. He told that at present more than three thousand students are studying here. It is the first institute of KU to introduce a CBCS system with 27 departments. Research papers of teachers have also appeared in national and international

journals and high-end research journals.

Training coordinator Dr. Anita Dua laid out the design of development training. In the program, Prof. Usha Eohan was present as the guest of honor.

The program was conducted by Dr. Vivek Chawla. All teachers and staff were present on this occasion.
