Dear Minakshi:

I am pleased to notify you that you have been awarded a full-time appointment as a Graduate Assistant in the Physics Department at Kent State University for the Academic Year 2022-23. This appointment will be in the form of a Teaching Assistantship and requires that you devote 20 hours per week to this assistantship. This assistantship is subject to the availability of funds and contingent upon your acceptance in writing and your ability to meet University eligibility requirements.

You will be supported with a stipend of \$18,540 for the 9-month Academic Year, plus at least \$3,090 for the 3-month Summer Term. If one of our faculty supports you by a grant for summer research, that would provide an additional stipend of up to \$3,090. Thus, a full 12-month stipend is between \$21,630 and \$24,720, paid on a semimonthly basis (15th day and last day of each month), minus applicable state, federal and local taxes.

Your appointment also includes a full tuition waiver of up to 16 credit hours of recommended courses. The tuition remission can be used only by the recipient for fees and tuition during the period of this award and does not include course related fees or summer funding.

The current assistantship appointment is for the 2022-23 Academic Year only. The normal period of financial support for Ph.D. level graduate appointments is 6 years. We intend to award you such appointments and tuition waivers in the following academic years and summer terms subject to the continued availability of funds, departmental needs, satisfactory progress in your degree program and satisfactory performance in your assigned assistantship responsibilities.

You will be expected to meet the following obligations for the stipend:

1. Contribute approximately 20 hours of service per week.
2. Maintain full-time student status (8 graduate hours minimum) with at least a 3.0 GPA.
3. You may not accept any other employment on campus without prior approval from the Division of Graduate Studies.
4. *For first time teaching appointments at the University:* Attend and successfully complete Graduate Student Orientation (GSO), which is held just prior to the beginning of both spring and fall semesters.

This offer is also contingent upon proof of identity and work authorization. The I-9 Employment Eligibility Verification Form must be completed within 3 business days of the first date of your employment in person. All graduate assistants at the Kent Campus will need to have their I-9 form completed in the Office of Academic Personnel, located at Suite 320 Heer Hall, 635 Loop Rd, Kent, Ohio 44242. If your assignment is at a regional campus and you are a US Citizen or Permanent Resident, you will need to have your I-9 documented at the regional campus. All international graduate assistants must bring their documentation directly to Academic Personnel for completion. Review the credentials listed [HERE](#) that you will need to bring for documentation.

In addition to the stipend and tuition remission, we have provided graduate assistant students in the past with a partial health insurance credit of 70% to be applied toward the health insurance plan for graduate assistant students offered through Kent State University.

Contact the graduate program coordinator (jportman@kent.edu) or the graduate program secretary, Jen Villanueva (jvillan2@kent.edu), to see if it is necessary for you to complete FERPA and/or Title IX training in relation to the assistantship position that you will be holding. If so, you will be sent an invitation for the training(s) and be asked to complete the training(s) before the start of classes for your first term of the appointment.

Ms. Villanueva can help with orientation matters and general questions and will process your course registration. Please see the Department website, www.physics.kent.edu, for the requirements of Physics graduate degrees and the "Information & Policy Guide for Graduate Students." A Physics faculty member will be designated as your academic advisor for selection of appropriate courses and degree planning before the start of the semester.

The accompanying award offer remains open until April 15th unless declined at a prior time.

Please indicate your acceptance of this assistantship offer by digitally signing on the fillable line below or typing in your name, adding the date, and returning the PDF file scan (or a copy of the page with your original signature) no later than April 15, 2022, to Jen Villanueva (jvillan2@kent.edu). I am pleased to notify you that you have been awarded a full-time appointment as a Graduate Assistant in the Physics Department at Kent State University for the Academic Year 2022-23. This appointment will be in the form of a Teaching Assistantship and requires that you devote 20 hours per week to this assistantship. This assistantship is subject to the availability of funds and contingent upon your acceptance in writing and your ability to meet University eligibility requirements.

You will be supported with a stipend of \$18,540 for the 9-month Academic Year, plus at least \$3,090 for the 3-month Summer Term. If one of our faculty supports you by a grant for summer research, that would provide an additional stipend of up to \$3,090. Thus, a full 12-month stipend is between \$21,630 and \$24,720, paid on a semimonthly basis (15th day and last day of each month), minus applicable state, federal and local taxes.

Your appointment also includes a full tuition waiver of up to 16 credit hours of recommended courses. The tuition remission can be used only by the recipient for fees and tuition during the period of this award and does not include course related fees or summer funding.

The current assistantship appointment is for the 2022-23 Academic Year only. The normal period of financial support for Ph.D. level graduate appointments is 6 years. We intend to award you such appointments and tuition waivers in the following academic years and summer terms subject to the continued availability of funds, departmental needs, satisfactory progress in your degree program and satisfactory performance in your assigned assistantship responsibilities.

You will be expected to meet the following obligations for the stipend:

1. Contribute approximately 20 hours of service per week.
2. Maintain full-time student status (8 graduate hours minimum) with at least a 3.0 GPA.
3. You may not accept any other employment on campus without prior approval from the Division of Graduate Studies.
4. *For first time teaching appointments at the University:* Attend and successfully complete Graduate Student Orientation (GSO), which is held just prior to the beginning of both spring and fall semesters.

This offer is also contingent upon proof of identity and work authorization. The I-9 Employment Eligibility Verification Form must be completed within 3 business days of the first date of your employment in person. All graduate assistants at the Kent Campus will need to have their I-9 form completed in the Office of Academic Personnel, located at Suite 320 Heer Hall, 635 Loop Rd, Kent, Ohio 44242. If your assignment is at a regional campus and you are a US Citizen or Permanent Resident, you will need to have your I-9 documented at the regional campus. All international graduate assistants must bring their documentation directly to Academic Personnel for completion. Review the credentials listed **HERE** that you will need to bring for documentation.

In addition to the stipend and tuition remission, we have provided graduate assistant students in the past with a partial health insurance credit of 70% to be applied toward the health insurance plan for graduate assistant students offered through Kent State University.

Contact the graduate program coordinator (jportman@kent.edu) or the graduate program secretary, Jen Villanueva (jvillan2@kent.edu), to see if it is necessary for you to complete FERPA and/or Title IX training in relation to the assistantship position that you will be holding. If so, you will be sent an invitation for the training(s) and be asked to complete the training(s) before the start of classes for your first term of the appointment.

Ms. Villanueva can help with orientation matters and general questions and will process your course registration. Please see the Department website, www.physics.kent.edu, for the requirements of Physics graduate degrees and the "Information & Policy Guide for Graduate Students." A Physics faculty member will be designated as your academic advisor for selection of appropriate courses and degree planning before the start of the semester.

The accompanying award offer remains open until April 15th unless declined at a prior time.

Please indicate your acceptance of this assistantship offer by digitally signing on the fillable line below or typing in your name, adding the date, and returning the PDF file scan (or a copy of the page with your original signature) no later than April 15, 2022, to Jen Villanueva (jvillan2@kent.edu). Dear Mr. Kumar,

I am delighted to inform you that the Physics Department Graduate Admissions Committee has voted to admit you to the doctoral program and to offer you a teaching assistantship starting in the fall of 2022.

The teaching assistantship will provide a stipend of \$22,000 for the 9-month academic year. You will also receive a tuition waiver, which is equivalent to \$19,113, that covers 9 credits per semester. A typical teaching assistant supervises two sections of a freshman laboratory, or a combination of laboratory classes and course grading, amounting to approximately 20 hours per week. Reappointment in future academic years is contingent upon the availability of University funding, but in the past we have always been able to offer reappointment to students in good standing. Our department policy is to reappoint students who maintain a satisfactory academic and teaching record and who make satisfactory progress in their thesis research to teaching assistantships for a total of four years. The stipend is quite sufficient to cover the expenses of living in the Albany area.

You are also eligible to apply for a teaching assistantship position during the summer sessions or for a research position for the summer. For the latter research positions, which typically provide for 3 months support (or about \$4,500) you need to make prior arrangements with individual faculty with funded research.

We would appreciate a prompt response from you (please send an e-mail to me and copy Paul LaBate at plabate@albany.edu). We would greatly appreciate your response by May 11, 2022. Upon your decision to enroll in our PhD program, our University Graduate Admissions office will provide you with an official letter of admission and teaching assistantship.

I hope that you will join our department. Please feel free to contact me or any other faculty member if you have questions about our department, our research, or our PhD program.

Yours sincerely,

Oleg Lunin
