INTRODUCTION

The land of *Mahabharata* and *Srimadbhagavadgita* witnessed the birth of Kurukshetra University in 1956. Situated on the plains of the river Saraswati on the western bank of the famous Brahm Sarovar, the foundation stone of the University was laid on 11th January 1957 by the Late Dr. Rajendra Prasad, the first President of India. The University which started with focus on Sanskrit and Indic Studies took a big leap forward in 1961 by transforming its initial unitary character into a multi-faculty university. Today the University has 46 Post Graduate Teaching Departments and Institutes that offer 175 courses besides offering Ph. D. programmes. Presently there are 363 colleges from 9 districts of Haryana affiliated to the University.

Dr. Rajendra Prasad, the first President of the Indian Republic, laying the foundation stone of Kurukshetra University on 11th day of January, 1957

Hon'ble Governor-Chancellor, Sh. Jagannath Pahadia, inaugurating the building of Dr. B.R. Ambedkar Studies Centre

Accredited with an 'A' grade by National Assessment and Accreditation Council, Bangalore, the University today enjoys a sound reputation and is eagerly sought by seekers of quality education in conformity with international standards. The University offers students from throughout the region, state and nation a world-class education by providing learning experience designed to develop intellectual abilities, as well as, social moral and ethical values. The major focus of the University's goal and objectives is on achieving academic excellence through generation and dissemination of new knowledge without losing sight of the

disadvantaged section of the society. Critical thinking and free exchange of ideas have been identified as key ingredients toward intellectual growth and national development.

Together, the ten faculties on the campus with 46 departments provide a mix of professional, interdisciplinary and traditional courses. New programmes in emerging areas like Defence Studies, Nano Science & Technology, Genomics, Internet Journalism, International Hospitality Business Management, Women Studies, Forensic Science, Management of Development & Welfare Services, Microelectronics and VLSI design, Printing, Graphics & Packaging, Multimedia, etc. have been added to the list of courses on offer to the learners. The University has introduced several integrated as well as interdisciplinary courses in the recent past. A directed thrust is visible

in course curricula on issues like gender equality, population control, social justice, environmental protection, etc.

In its commitment to quality sustenance and enhancement, the University monitors and evaluates its strategies on improving the process of teaching-learning and evaluation. To this endeavor, mechanisms like regular feedback from students and other stakeholders like alumni, industry, academic peers, employers, community, etc. are actively practised. Internal Quality Assurance Cell (IQAC), constituted as per guidelines of NAAC and UGC, is functioning as a nodal body on the campus.

Hon'ble Chief Minister, Sh. Bhupinder Singh Hooda releasing a CD at the national seminar on Baba Banda Singh Bahadur

Research is an integral and very significant activity of the University and the faculty members are involved in it with dedication. Faculty members have been successful in bringing in large funds from various agencies like DST, UGC, DRDO, DBT, UNDP, World Bank (TEQIP), etc. under different schemes. The number of FIST, SAP and TEQIP assisted departments in the University is now 12. The Department of Geophysics obtained a grant of 2.45 crore rupees under stage-I of FIST programme under DST. The Department of Electronic Science and the Department of Instrumentation have received further funding under the TEQIP Scheme by the World Bank. The University Institute of Engineering and Technology has received funds under TEQIP Scheme.

The University has a separate Research, Development and Patent Council to promote, evaluate and review research activities being carried out by the faculty members. A Corporate Resource Centre is functional with a view to promoting industry-academia interaction and consultancy services. The Dr. Radhakrishnan Foundation Fund has been set up in the University for promoting research and other academic activities. It also provides financial assistance for awarding scholarships to the needy students.

The University is amongst the largest providers of on-campus hostel accommodation to the students in the country. It has presently 24 well maintained hostels accommodating over 5800 students in as many as 12 hostels for men and 12 for women. A large shopping complex with about 50 shops, parks, banks and a post office cater to the needs of the students and the staff. A separate market, ATM facility, computer lab with internet connectivity is situated in the girls' hostels complex. The University has a well equipped Health Centre. A 24-hour Ambulance service is available in the Girls Hostel Complex.

To ensure inclusive growth, the University offers various schemes such as reservation of seats, fee concession and scholarships to students from disadvantaged sections like SC, BC, women, differently-abled, etc. The University has an active Dr. B.R. Ambedkar Study Centre where

research is conducted on policy issues relating to minorities and the thought and writings of Dr. Ambedkar. The SC Cell of the University monitors the implementation of the Government policies for the welfare of SC/ST students. The Mahatma Gandhi All India Services Coaching Centre of the university provides special coaching to the SC students for various competitive exams such as IAS, HCS, NET, Bank Probationary Officer, etc.

With the surge of the information age, the University has laid special emphasis on the increasing use of ICT enabled teaching-learning strategies. The Golden Jubilee Reading Hall of the Library has a seating capacity of 600. The University library has steadily increased its stock of books and presently has more than 3,17,000 volumes including about 12,000 rare manuscripts. The library services are fully computerized and the in-house state-of-the-art centrally air-conditioned computer laboratory with 195 internet-enabled computers, in addition to various computer labs in individual departments, ensures ready access to on-line resources. Full text download facilities for 4453 online journals have been made available through UGC-INFONET programme.

The University is committed towards a holistic development of its students. Ample opportunities are provided to those participating in different co-curricular and extra-curricular activities. Managed by the Directorate of Youth and Cultural Affairs, these activities include youth festivals at zonal, inter-zonal, inter-University and national levels as well as various other cultural activities. Five years ago the University started a unique public speaking competition for students called 'Rostrum'. This popular event attracts several hundred students

as speakers on issues of societal concern and other issues of national and international concern. Students are actively associated with NCC and NSS programmes.

Kurukshetra University figures in the list of top ranking Universities in India for making a mark in sports. It has achieved distinctions in various competitions at the national and international levels. The University takes pride in having produced 12 Arjuna Awardees, 4 Dronacharya Awardees, 1 Major Dhyan Chand Award and having won several other national and international awards to date. Our sportspersons regularly represent India in the international meets like Olympics, World Cups, World Championships, Asian Games, Commonwealth Games, Asian Championships, SAF Games, etc.

The University has been networking with Government and NGOs, and several collaborative outreach programmes are being undertaken. The Women's Studies Research Centre organizes regular activities aimed at empowerment of women. The Centre has established Gender Sensitization Committee Against Sexual Harassment (GSCASH) and trained more than 130 batches of school teachers, health workers, police personnel, sarpanches and panches on gender sensitization. The centre regularly conducts workshops on legal literacy for women staff and students, and awareness camps on declining sex ratio and pre-natal diagnostics in different villages of Haryana.

One of the high marks of the University Campus is its natural beauty and environment. Faced with increasing demand for space by the increased number of students, the University has at the same time committed itself to preserving its natural environment. Making it probably the first University of the kind in the country, the Executive Council has resolved to preserve an area of about 40 acres as a natural forest to ensure the breeding process of its various birds and other fauna. The University has received 'Green Campus of the Year 2010' Award from the World Management Congress, New Delhi.

The University has also expanded its Directorate of Distance Education to cater to the pressing educational needs of those who do not want to follow the formal stream for various reasons. It has an annual enrolment of about 26000 students who receive academic instruction in 37 graduate and post-graduate programmes specially designed to be delivered through the distance mode. All the courses offered by the Directorate are recognized by the Distance Education Council (DEC), New Delhi. The Directorate has taken a major initiative by launching lecture broadcast series on All India Radio in order to take quality education to the doorstep of the knowledge seekers.

The University examination system has been computerized to a great extent. In addition to the computerization and networking of all six branches of the examination wing, two hi-tech computer laboratories have been set up in the new examination wing to meet the requirements of 9 lakh students who appear in different examinations of the University. With the availability of these in-house computer facilities, the functioning of the examination wing has improved considerably.

On completion of its Golden Jubilee in 2006, the University had committed itself to the task of establishing a museum dedicated to Haryana's heritage. The Museum is attracting huge public interest. In a short span of its establishment, the museum, 'Dharohar,' is embellished with a unique collection of curios and artifacts reflecting the rich cultural heritage of Haryana. The second phase of Dharohar has been completed and opened for public. In commemoration of the 150 years of the 'First War of Independence 1857', the University has taken a remarkable decision to establish a Museum dedicated to the First War of Independence. The foundation stone of the museum was laid by Hon'ble Shrimati Sonia Gandhi on 28th July, 2008. The work is being taken up with financial support from the Government of Haryana.

It is evident from the brief profile of the University that students are our first and foremost priority. They deserve the greatest educational opportunities and the highest level of quality service. Hence, the development and delivery of our programs and services are done in our students' best interest. In a culture of mutual respect, we provide distinctive experiences that engage students in their own learning and in giving back to the community. And in our plans for the future, we resolve that we will move forward, enhance our resources, improve our reputation and better serve our students and society.

उन लोगों की शिक्षा संबंधी आवश्यकताओं के आग्रह को पूरा करने हेतु जो प्रवेश के लिए असफल हो जाते हैं, अथवा विभिन्न कारणों से किसी प्रकार औपचारिक धारा से विच्छिन्न हो जाते हैं। इसका वार्षिक पंजीकरण लगभग 26000 विद्यार्थियों का है जो विशेष प्रकार से प्रारूपित 37 स्नातक तथा स्नातकोत्तर दूरवर्ती विधि द्वारा दिये जाने वाले कार्यक्रमों में विशालता से व्यक्तिगत स्तर पर निर्देशों को प्राप्त करते हैं। निदेशालय द्वारा प्रदत्त सभी पाठ्यक्रमों को दूरवर्ती शिक्षा परिषद, नई दिल्ली, द्वारा मान्यता प्रदान की गई है। उत्तम शिक्षा को ज्ञान-खोजियों के द्वार पर ले जाने के लिए निदेशालय ने ऑल इंडिया रेडियो पर व्याख्यान प्रसारण श्रृंखलाओं के प्रक्षेपण द्वारा एक बड़ी पहल की है।

विश्वविद्यालय परीक्षा प्रणाली पूर्ण कम्प्यूटरीकरण के समीप है। परीक्षा खण्ड की सभी छः शाखाओं के कम्प्यूरीकरण तथा नेटवर्किंग के अतिरिक्त नये परीक्षा खण्ड में 9 लाख विद्यार्थियों की आवश्यकताओं को पूरा करने के लिए जो विश्वविद्यालय की विभिन्न परीक्षाओं में बैठते हैं, दो हाई-टैक कम्प्यूटर प्रयोगशालाओं को स्थापित किया गया है। इन अंतरंग कम्प्यूटर सुविधाओं की उपलब्धता से परीक्षा खण्ड का कार्यान्वयन पर्याप्त उन्नत हुआ है।

वर्ष 2006 में अपने पचास वर्ष पूर्ण करने पर, विश्वविद्यालय स्वतः हरियाणा की विरासत को समर्पित एक संग्रहालय स्थापित करने का कार्य वचनबद्ध हो चुका है। संग्रहालय विशाल जनभिरुचि को आकर्षित कर रहा है। अपनी स्थापना के अल्पकाल में ही संग्रहालय धरोहर हरियाणा की समृद्ध सांस्कृतिक विरासत को प्रतिबिम्बित करते हुए अपने कुतुहलों तथा हस्तकृतियों के अद्वितीय संग्रह से अलंकृत है। धरोहर के द्वितीय चरण को पूरा करने के पश्चात इसे जनता को समर्पित कर दिया गया। 1857 के प्रथम स्वतंत्रता संग्राम के 150 वर्ष की स्मृति में, विश्वविद्यालय ने 1857 के महान विद्रोह को समर्पित एक संग्रहालय स्थापित करने के लिए एक विलक्षण निर्णय लिया। 28 जुलाई 2008 को आदरणीय श्रीमती सोनिया गांधी द्वारा संग्रहालय का नींव का पत्थर रखा गया। हरियाणा सरकार की आर्थिक सहायता से कार्य क्रियान्वित किया जा रहा है।

विश्वविद्यालय की सक्षिप्त रूपरेखा से यह स्पष्ट है कि विद्यार्थी ही हमारी प्रथम तथा प्रमुख प्राथमिकता है। वे महानतम शैक्षिक अवसरों तथा श्रेष्ठ सेवा के उच्चतम स्तर के पात्र हैं। अतः विकास तथा हमारे कार्यक्रमों तथा सेवाओं की निकासी हमारे विद्यार्थियों के हित में की जाती है। पारस्परिक सम्मान की एक संस्कृति में, हम विशिष्ट अनुभवों को प्रदान करते हैं जो विद्यार्थियों को उनके अपने अधिगम तथा उसे वापिस समुदाय को देने में संलिप्त रखते हैं और भविष्य के लिए हमारी योजनाओं में, हम वादा करते हैं कि हम आगे बढ़ेंगे, अपने संसाधन बढ़ाएंगे, अपनी प्रतिष्ठा को समृद्ध करेंगे तथा अपने विद्यार्थियों तथा समाज की बेहतर सेवा करेंगे।

UNIVERSITY REVIEW

D.D.S. Sandhu

Vice Chancellor
Kurukshetra University, Kurukshetra

A review of activities on our campus during 2013 confirms the significant advances being made in teaching and learning, and our excellent progress in all our research activities. While there have also been many challenges during 2013, I am confident that we have met and in some instances exceeded many of our objectives in these areas. The University's commitment to its academic endeavours, the hard work of the staff and the passion and loyalty of the students, staff and alumni alike-all contributed to enhance our image as a University of choice for the region's brightest students.

The academic image of the University as an 'A' grade institution recognized by National Assessment and Accreditation Council got a further boost with Nielsen and India Today ranking our University in 2013 at 13th spot in its survey of 350 Universities in India. For these achievements, we are indebted to Hon'ble Governor-Chancellor for his able guidance and the Government of Haryana for its active support. I am also deeply grateful to the University's staff, students and supporters for making this possible and I hope they will continue to work to further improve the standards of the University in the future.

The University remained focused on improving its research performance during the year under review. The details of the research publications of the faculty, major research projects won by them from different funding agencies in India and abroad, and

awards won and honours conferred on the faculty members are listed in the pages of the Annual Report.

Talented people are the best asset of any organization. In 2013 Kurukshetra University made significant additions to the intellectual capital of the University by promoting 20 faculty members to the position of Professors in recognition of their academic contributions. Besides, we also recruited 363 contractual Assistant Professors in different disciplines to meet the academic requirements of students. It is evident that students are our first and foremost priority and we continually strive to make their learning experience relevant for their own growth and for the growth of society through their creative engagements.

The contributions of Kurukshetra University's students in raising its profile have been significant in the year 2013. Key Features:

Study Material

The Directorate provides quality course material in SIM format prepared by experts of repute keeping in mind the quality and academic standard for each course in respective fields. The chairpersons or senior teachers of University Teaching Departments act as Coordinators of the distance education courses. Study material is also supplemented by books referred to in the syllabi to re-inforce learning. A sum of hundred Power Point Presentations prepared by teachers of the Directorate have been uploaded on the Website of the University in the portal of the Directorate.

Personal Contact Programme

Personal Contact Programme is an integral part of distance education to stimulate and help students to come out with the problems they face during the course of their study. The Directorate organizes short-term, condensed, intensive coordinated PCPs both for theory and practical contents of the courses conducted by the University Teaching Departments in the University and at various other centers of University affiliated Colleges for the benefit of students. It provides the students an opportunity to solve their problems and enables them to have an opportunity of social interaction with other students of the programme. Efforts are made to cover maximum part of the syllabi in the PCPs.

Internal Assessment

For continuous evaluation and to make courses/programmes at par with the various regular courses of the University, the Directorate of Distance Education, Kurukshetra University, Kurukshetra has introduced 20% internal Assessment for the session 2013-14 for Undergraduate Courses Part-I & II and Postgraduate courses Part-I along with Certificate and Diploma Courses in each theory Paper.

Response Sheets

In order to motivate and inculcate the habit of writing among the students, they are encouraged to prepare and submit written assignments/response sheets. These response sheets, duly evaluated, are returned to students with comments by the teachers, which serve as feedback and also as dialogue with the teachers, thereby obliterating students' feeling of isolation. The relevant guidelines and comments given by the teachers help learners to grasp the subject systematically and perform better in the university examinations.

Students' Counselling

Students' counselling is also an important aspect of distance education, which plays a vital role in guiding the learners in respect of academic, administrative and personal problems. Students are advised to contact the teaching faculty of the Directorate and the Course Coordinators during working hours to discuss their problems.

Library Facilities

The Directorate has an independent, centrally air-conditioned, well-equipped library of its own and has rich collection of books on all subjects. Learners are allowed to use library facilities on all working days on production of identity card issued by the Directorate.

Computer Labs

Apart from the facilities available at the institutions for hands-on-practice where the PCPs of distance education courses are conducted, the Directorate has recently established centrally air-conditioned, well-equipped Computer Labs. The Labs have 60 nodes facility for simultaneous use of students at a time and is connected with Internet facilities.

Teaching Block

The Directorate has an independent 3-storeyed Teaching Block meant exclusively for the students of distance education courses. The teaching block comprises lecture theatres, tutorial rooms, teachers' rooms, common rooms for boys and girls, a counter for distribution of study material, staff room, open-air theatre, centrally air conditioned Library and Computer Labs equipped with modern amenities.

Single Window Service

In order to facilitate the admission procedure, the Directorate has introduced Single Window Service. Not only the admissions have been computerized but the admission forms also have been simplified with detailed provisions in the DDE Prospectus for reference by the candidates. Reception-cum-Enquiry for pre admission counselling, multiple number of counters for the receipt of admission forms and for the issue of study material facilitate the admission procedure that hardly takes 15-20 minutes to complete.

Student Support Services

A special feature of the distance education programme is the Student Support Services. Students finding any difficulty in pursuing distance education courses may get in touch with the concerned Officer/Official or the Coordinator, Student Support Services in the Directorate.

Financial Assistance

The candidates belonging to the Scheduled Caste/Tribes and the University employees and their wards are entitled to tuition fee concession out of the fee payable to the University. Financial assistance to a limited extent is also given to students on means and merit cum means basis out of Dr. Radha Krishnan Foundation Fund.

EXAMINATIONS

Controller of Examinations

Dr. Hukam Singh

The Theory and Practical examinations of various Under-Graduate, Post-Graduate, Medical and Engineering courses held in April, May, June and July 2013 respectively were conducted smoothly and peacefully. In addition to that supplementary examinations of these classes were held in October/November, and December, 2013/January, 2014.

For smooth and efficient conduct of examinations, as many as 850 examination centres were created at the University Campus and its affiliated colleges/Institutions. Keeping in view the convenience of the students of Directorate of Distance Education, four centres were created outside the jurisdiction of the University. One centre was also created abroad at Maritius. For the facility of the girls students appearing privately and keeping in view the space constraints a few centers were created in private institutions. As per the past practice, the Entrance Tests for the admissions to various courses and the National Eligibility Test for Lectureship of the University Grants Commission were also conducted smoothly and efficiently. For the incident free conduct of Examinations full cooperation was received from the State Administration and the State Police.

During the period under report, in all 175 Research Scholars (102 male & 73 female) have been awarded Ph.D. Degrees in various disciplines. While 78370 candidates of different courses applied for re-evaluation, 65849 cases have been finalized including balance cases of previous years. About 5048 Unfair Means Cases were received during the Under-Graduate and Post-Graduates examinations held in April/May/June, 2013 and supplementary examinations held in October 2013. These cases have been decided by 08 U.M.C. committees and two appellate committees constituted for the purpose. As many as 150 appeals were received against the decisions of the UMC Committees which have been decided by the two Appellate Committees.

By keeping continuous liaison with the paper-setters and co-ordination with the examiners the Secrecy Branch has been successful in getting done the evaluation of the answer-books of candidates of Under-Graduate courses well in time. The answer-books of P.G./Engineering & Medical examinations were also got evaluated speedily in order to ensure timely declaration of results.

Answer-books with OMR title page have been introduced in the examinations of Engineering, Management and some of the Campus based courses. The experience has been satisfactory.

In order to computerize the results of various Under-Graduate and Post-Graduate courses having more than 2000 candidates during 2013, the work has been assigned to a Computer Agency, and the results of the examinations having upto 2000 candidates were prepared in the Computer Lab of the Examinations Wing. Results of B.Tech. examinations were got prepared by the Computer Centre of the University. The concept of single Roll No. has been introduced on the pattern of B.Tech. courses.

LAND AND FARMING DEPARTMENT

In Charge

Prof. C.P. Singh

With a prime motive to follow the policy to grow more food campaign since 1965, the University has been trying its best to make the beneficial use of vacant land on the campus. Earlier this land was used to raise Paddy and Wheat Crop under Seed Production Programme. With the passage of time, most of the vacant land available on the Campus has been utilized for construction of various buildings for Teaching Departments, Hostel and residential purpose. The remaining land of about 50 acres has been given under Community Forest Project to grow medicinal plants and orchard with a view to maintain ecological balance and also to make a pollution free atmosphere. Now the plantation and orchard so developed are taken care by Farming Department of the University itself. The orchard and other agro-based plants will also further increase the income of the University. One submersible pump has been installed to fulfill the requirement of irrigation for the 20,638 plants of Jamun, Jamoia, Shesham, Neem, Bakain, Arjun, Mango, Guava, Anwala, Phalsa, Anar, Beri and Lemon, planted under Community Forestry Project. This year saplings of Colonel Eucalypts are planted in six acre under Social Forestry Scheme with the help of Forest Department.

Kurukshetra University owns land covering about 406 acres situated in different villages in District Kurukshetra, Kaithal and Karnal which is given on license basis to the interested persons/farmers, through open auction for agriculture purpose. Eucalypts plants in 26 acres at village Cheeka, Distt. Kaithal and in 20 acres at village Pistana, District Karnal has been planted under Social Forestry Scheme of Haryana Government. One submersible tube-well already installed in each village of Kaithal District and five submersible tube-wells installed in Lukhi Farm. Due to sharp depletion of underground water table, The University has installed six new submersible tube-wells in villages Khushalmajra, Arnauli, Peedal, Bhoona, Agondh and Ladana chakoo, in District Kaithal.

The income from the outside land and auction of trees standing at campus farm during the year 2013 comes Rs.1,68,57,500/- (Rs. One Crore Sixty-Eight Lakhs Fifty-Seven thousand Five hundred). Hence net profit from the land and Farming Department comes to Rs. 1,62,56,620/- against recurring expenditure including salary of staff for Rs. 6,00,880/-.

In the meeting of the Court held on 28.05.2013, the steps being taken to further augment the income of the University and to reduce dependency of the State Government grant by adopting various measures to economize the expenditure were also considered and House expressed satisfaction about the measures adopted for making the University Self-sufficient by augmenting its internal resources alongwith curtailing expenditure.

The High Powered Co-ordination Committee in its meeting held on 27.04.1994, Inter alia, resolved that the University should augment its internal resources so generated be used on developmental activities and that State Government will not take into account the increased internal resources generated by the University while determining the quantum of grant-in-aid to be paid to the University. In pursuance of this decision, the University has been generating additional income from 1994-95 onwards by taking various innovative measures like conduct of admission entrance tests, supporting job-oriented courses through the Directorate of Distance education etc. besides increasing internal income in the traditional areas like tuition/examination fees etc. The income so generated is being kept apart under a separate Budget Head 'Self Financing Schemes' for undertaking research

and development activities in terms of HPCC decision. Accordingly, the University has also been providing liberal grants to various University Teaching Departments for which provision of Rs. 50.00 lac under the Budget Head "I.T. Infrastructure Development" and Rs. 50.00 lac under "Apparatus & Equipments" for various Departments has been made. Besides this, funds of Rs. 50.00 lac has also been allocated to the University Library for the purchase of books and journals for all the Departments and also to make available latest publications to help the readers/researchers.

With the help of resources so generated and also partly financed by the State Government/UGC/ Government of India, the University has been able to take up the construction of prestigious buildings like:
