1

About Meritech

Meritech is a leading manufacturer of mobile network monitoring and performance optimization solutions tools. Meritech offers innovative tools to monitor and optimize NR5G, LTE-A, LTE, WCDMA, HSPA, GSM/GPRS and WiFi network performance. Meritech is a step-ahead by providing real-time analysis of networks by using its hand-held software solution which is not the conventional method. Furthermore it also offers an almost real-time mobile telemetry system that collects necessary data required for network analysis and uploads to its cloud server.

About Kurukshetra University, Kurukshetra

Kurukshetra University is one of the premier educational institutions of India. Established in 1956, the University is providing higher education to over half a million students on the campus and its affiliated colleges.
