

Future and On going Research in the Department

Agriculture and Rural Development

- ❖ Determinants of Agricultural Productivity during Post-liberalization Period
- ❖ Drought and Flood vulnerability and its Implications
- ❖ Farm Suicides
- ❖ Organic Farming
- ❖ Agricultural Marketing

Population and Health Issues

- ❖ Social Wellbeing of Children
- ❖ Women Employment in Organized and Unorganized Sectors
- ❖ Disease Pattern and Health Expenditure
- ❖ Solid Waste Management
- ❖ Assessment of Physical Carrying Capacity of Pilgrimage Destinations
- ❖ Occupational Structure
- ❖ Child and Maternal Health
- ❖ Population Out Migration from Himalaya region

Geospatial Technology and Natural Resources

- ❖ Generation of Soil Erosion Susceptibility Maps
- ❖ Perception, Awareness and Adaptation to Drought Mitigation
- ❖ Estimation of Meteorological, Hydrological and Agricultural Drought
- ❖ Hydrological Response Behavior of Watersheds
- ❖ Landslide Vulnerability and Groundwater Exploitation
- ❖ Urban Flooding
- ❖ Land use change and Its Impacts
- ❖ Urban Heat Island Effect and Changing Urban Climates
