Policy for Administrative and Academic Audit of the University

Introduction

It is essential for a NAAC accredited University to assess its strengths and weaknesses periodically in order to keep pace with fast changing scenario in the field of higher education. Academic and Administrative Audit (AAA) is one of the standard strategies for quality enhancement in academic and administrative components including curricular aspects, teaching and learning, research, students progression support activities, governance, administrative setup of the University. AAA is focused on the processes by which University monitors its own academic standards and acts to enhance the quality of its teaching and support for student learning. AAA is important for achieving excellence in higher education.

Academic audit can be described as a scientific and systematic method of reviewing the quality of academic process in the University. It helps to enhance the quality of academic activities in the University. Administrative audit is a process of evaluating the efficiency and effectiveness of the administrative procedures of the University. It includes assessment of policies, strategies and functioning of the various administrative units, control of the overall administrative setup etc.

AAA of the University is required to confirm the quality assurance, availability of appropriate learning opportunities for the students and that students are fully supported in developing their academic personality. AAA is also required to promote and enhance high quality teaching and learning.

Objectives of AAA

- To understand the existing systems and assess the strengths and weaknesses of University Teaching Departments (UTDs)/Institutes and administrative units.
- To recommend the procedures for improvement by overcoming the weaknesses.
- To identify the opportunities for academic reforms, administrative reforms and examination reforms.
- To evaluate the optimum utilization of financial and other resources.
- To suggest the steps for continuous improvement of quality as recommended by accrediting agencies.

Process of AAA in the University

- AAA will be done once in three years by involving external peers.
- The formats for Academic audit and Administrative audit are enclosed at Annexure-A and Annexure-B respectively. These formats will be supplied to UTDs/institutes and administrative branches of the University.
- A committee of Dean of the faculty and 2 external experts (nominated by the Vice-Chancellor) will do academic audit of the departments of the respective faculty.
- A committee of 3-4 external experts will be constituted by the Vice-Chancellor for administrative audit of all branches of the University. The member-secretary of committee will be nominated by the Vice-Chancellor.
- The reports of AAA will be submitted to the office of IQAC.
- The outcome of AAA may be placed in the meeting of IQAC and plan of action can be prepared to implement the suggestions accepted in the meeting of IQAC.

ACADEMIC AUDIT REPORT

The Academic Audit of University Institute of Engineering & Technology, as required for the Kurukshetra University's Assessment & Accreditation by NAAC, was conducted by the duly approved committee by Hon'ble Vice-Chancellor. The committee visited the institute on 27.07.2022 at 10 AM to conduct the same. The committee was received by the Director (UIET) & NAAC Core committee. The committee was duly apprised through a Power Point Presentation by Dr. Sanjay Kajal regarding the department profile and other information/documents as per the prescribed performa /criterion of the Academic Audit.

The committee checked the documents/credentials as per the preforma of evaluation report performa/criterion supplied.

Observations:

The committee appreciates the efforts made by UIET, KUK during last 5 years in setting up the various facilities and other aspects which are required for University's Assessment & Accreditation by NAAC.

The committee specially appreciates patents published and granted, start-ups, IIC (Incubation Cell) & placements activities.

The committee further appreciates the fair attainment of program outcomes evaluated at the institute.

Recommendations:

The committee, further, opines that, before the visit of NAAC Committee, UIET (KUK) can supplement in their recruitment of regular faculty especially at the level of Associate professor/Professor which can also be beneficial for their NBA accreditation & other endeavors etc.

They further said that it will be appreciated if the institute could get all the session wise details of total publications & research profiles so that it makes positive impact. The committee also stressed upon encouraging the faculty to join professional societies like IEEE/IETE/IE(I) /ASME and formation of student chapters in the Institute.

The committee also suggested to forge effective and productive Industry- Institute collaborations to enhance R&D, innovation, and consultancy work.

Academic Audit Report

Department of Library Science

Faculty of arts and Languages

Date: 19 July, 2022

Observations

The Department of Library Science was established in 1969 and it offers B.Lib, M.Lib and Ph.d. programmes at present. The Curriculum of M.lib. and B.Lib[#] cover a wide range of papers like Core, Electives, Practical and Summer Training and Extension. Besides providing professional training to its students, the Curriculum of the Department incorporates courses for a holistic education to the students. The doctoral programme is also very rigorous and there are 44 doctoral students pursuing Ph.D. Programme Outcomes (Pos), Programme Specific Outcome (Pso's), Course Outcome have been included as part of student and teachers' assessment which is a strength of their programmes. The teaching methodology includes both traditional and modern methods of subject delivery. The teachers are well qualified and research oriented as is evident from research output of 5 years. The stakeholder's^s opinion and mentor mentee meetings speak of the democratic practices of the department.

Suggestions

1. The curriculum should include latest content as per international standards.
2. The faculty should help in introducing Library science ^{as a subject} ~~faculty~~ at the UG level.
3. Seminars, conferences and expert lectures be organized on regular basis.
4. Slow and fast learners need to be identified early to help them grow further.
5. Outreach programmes need to be organized.
6. Students need to be trained in leadership by involving them in various programmes.

Academic Audit Report

Department of Panjabi

19 July,2022

Observations

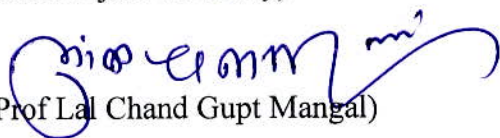

The department of Panjabi was established in 1979, and besides M.A. and Ph. D. Courses, it offers a Certificate Course in Panjabi. Apart from providing regular instruction for these courses, the department makes efforts to promote Punjabi Folk Culture through cultural events. One of the students has recently won a Bronze Medal in Khelo India University Games 2021. As many as 24 students from the department have cleared NET and JRF during the period under report.

Suggestions

With ICT infrastructure like the smart classrooms and a subject specific departmental library the department has a lot of scope for improvement. There are possibilities, largely unexplored, of international programmes and cultural events involving Punjabi literary personalities from abroad.

The Dean
Faculty of Arts and languages

20th July, 2022

Observations

The programmes offered under Dean faculty of Arts and Languages include Certificate Course in Urdu, Diploma Course in Urdu, Certificate Course in Communication Skills and PG Diploma in Translation (Hindi/English/Panjabi) (Under SFS). All these value-added courses are offered to the students to enhance their employability skill. Career opportunities and job prospects are the most sought-after reason for the students to pursue these courses. The vision of the department to preserve the rich cultural heritage of the Urdu language is the need of the hour.

Suggestions

The department needs to add ICT infrastructure and a language lab to enhance its delivery mechanisms. Addition of permanent faculty in Urdu Language will further strengthen their Urdu programmes.

Centre for B R Ambedkar Studies

Faculty of Arts and languages

20th July, 2022

Observations

The centre offers a one-year Diploma in Buddhist Studies. It also conducts research relating to philosophy and vision of Dr B R Ambedkar. A number of lectures and programmes have been organized by the centre during the years under review. Value added courses such as Tally and web designing offered by the department to a large number of students enhance the employability skills.

Suggestions

The centre needs to add ICT infrastructure to enhance its delivery mechanisms. Some scholars can be registered with the faculty to conduct research on Dalit economics, literature and aesthetics. The centre should focus more on research and publications in the field of Ambedkar studies.

Academic Audit Report

Department of English Faculty of Arts and Languages

Date: 20 July, 2022

Observations

Established in 1961, the Department of English has made an important contribution in promoting English studies and English language in the state of Haryana. With a strong emphasis on English literature, American Literature, Indian Writing in English, Phonetics, Gender Studies, Philosophy, New Literatures, Post-Colonial Literature, the department's curriculum in Masters programmes [#] upto the international standards. With a strong emphasis on humanism, ethics, equality, tolerance, environmental concerns in the courses of Masters, the curriculum is designed to produce well-rounded human beings. Integration of ICT in teaching helps the students grasp knowledge in a very conducive environment. The doctoral research is being done on contemporary and topical subjects. 33 students have qualified UGC NET/JRF. The mapping of POs, PSOs and COs provide ² a fair evaluation of students and faculty. A number of students have also won Fulbright international fellowships which is commendable. The increasing number of international students is also a strength of the department. The research output of students and teachers is satisfactory.

Suggestions

1. The curriculum should include more electives.
2. Seminars, conferences and expert lectures be organized on regular basis.
3. Faculty should be encouraged to publish in Scopus/ UGC care journals.
4. Research scholars should be encouraged to publish papers in Scopus journals.
5. The faculty should also apply for Projects grants.

Academic Audit Report
Department of Foreign Languages

20th July, 2022

Observations

The department of Foreign Languages was established in 1970. It offers certificate, diploma and advance diploma courses in German and French Languages to a large number of students as value added courses. Addition of Certificate Course in Japanese Language (Online) and Basic Certificate Course in Japanese Culture and Language in the Online mode under SFS scheme has further strengthened the basket of value-added courses. Participation of the Chief Minister of Haryana and 5 other high government officials in Basic Japanese course speaks about the importance of such courses and also of their importance in NEP 2020.

Suggestions

The department needs to add ICT infrastructure and a language lab to enhance its delivery mechanisms. Addition of faculty in French, German and Japanese Languages will further energize these programmes.

- iii- Department has strong pool of Alumni network throughout the World and India.
- iv- It is publishing own Journal regularly.
- v- Environment studies and soft skill development are part of syllabi.
- vi- There are vacant seats in some courses.

Suggestions:-

- (i) The Department is required to maintain complete and update records of training, placement, NET pass out etc. in a register.
- (ii) There is need to make special efforts to increase number of admission seekers and to reduce dropouts.
- (iii) More MOU are needed for academic benefits of the students and faculty.
- (iv) There is need to give more emphasis on research, sponsored projects and consultancy.

Academic Audit Report

Name of the Department: Chemistry

Date of meeting: 25.07.2022

Time: 9:30-10:40 a.m.

Following members of the Academic Audit Committee were present:

- | | | |
|---------------------------|--|----------|
| 1. Prof. Anil K. Vashisth | Dean, Faculty of Sciences | Convener |
| 2. Prof. N.N. Dogra | Emeritus Professor, Dept. of Geology
& Former Dean, Faculty of Sciences, K.U.K. | Member |
| 3. Prof. H.K. Sharma | Retired Professor,
Department of Chemistry, K.U.K. | Member |

Observations:-

1. The Department has published good number of qualitative research publications.
2. Research projects have been undertaken. However, very few faculty members, among presently serving faculties, have got research projects funded from external agencies.
3. Department has received grant under DST-FIST scheme of worth Rs. 2.0 crores.
4. Eleven patents have been submitted by the department's faculties and nine awards have been received.
5. The Department receives good support from the University in terms of space, infrastructure and grant. The department earns distinction having two separate buildings and an assistance for equipment/chemicals upto Rs.246 lacs from university funds.
6. The Department has shown a qualitative growth in publication. Impact factor average in the span of last five years has increased considerably in comparison to that of previous span. Overall, research output of the department is very good.

Suggestions:-

1. The faculty should strive for getting more research projects from external agencies. Funding from external agencies is less in comparison to that from University's own resources.
2. A part of the grant of Rs.246 lacs may be used for renovation of chemical disposal system as per laid down norms.
3. Solar panels may be installed on the roof top of the one of the departmental buildings for energy audit purpose and connectivity of the two buildings is recommended.
4. Two big rooms/halls/labs may be merged into one to get a big multi-purpose hall.
5. Power backup for 2nd building, either in conjunction with that of old building or a new one, may be provided to the department.
6. Efforts should be made for having some research projects related to Environment studies as per requirement of the time.
7. Better coordination among all sections of the department is suggested for overall homogeneous growth of the subject.

Academic Audit Report

Name of the Department: Computer Science & Applications

Date of meeting: 25.07.2022

Time: 2:30-3:40 p.m.

Following members of the Academic Audit Committee were present:

- | | | |

| 2. Prof. N.N. Dogra | Emeritus Professor, Dept. of Geology
& Former Dean, Faculty of Sciences, K.U.K. | Member |
| 3. Prof. H.K. Sharma | Retired Professor,
Department of Chemistry, K.U.K. | Member |

Observations:-

1. The faculty of the department has published good number of research papers (166) out of which 72 are SCOPUS indexed. In addition six patents have also been generated.
2. The department is readily competent to give consultancy in eight areas but has not been able to generate any income out of it.
3. Two awards have been received by faculty members.
4. Rate of qualifying NET/JRF/GATE/AFCAT examinations is good & 23 students have cleared such examinations. 22 students have advanced to Ph.D. Programme. 17 students have got scholarship for that.
5. Placement record of the department has been very good.
6. Citations score of research publication is good.
7. As per its potential, the number of research projects submitted & received is less.

Suggestions:-

1. Teachers should make efforts for submission & sanction of research projects from external agencies.
2. Engagement of students for small software/app projects is the one of the areas where lot of possibilities can be explored.
3. The department should be provided more flexibility in devising /attaining credits for course completion in one or more attempts, in particular for those students who are placed during the course itself.
4. In order to supplement the research work Databases like SCOPUS/Science Direct/IEEE should be subscribed at the university level either as a part of Consortium or in other form. This is a common requirement of all the science departments.
5. Vacant teaching & non-teaching posts should be filled.

Observations:-

1. The department runs three programmes out of which two are internship oriented professional courses. Placement of the students has been good.
2. It has well equipped laboratories, ICT enabled class rooms, girls common room, multipurpose hall and very good infrastructure overall.
3. The faculty of the department share strong & active collaboration with national level institutions.
4. It has high end characterization instruments, CAD tools, ERD lab and some labs are being used as a central facility by other departments of the university and other institutions/universities as well.
5. The department has provision, potential & capacity of giving consultancy and to generate the income out of that.

A. V.

N.N. Dogra

H.K. Sharma

Suggestions:-

1. Department should make efforts to apply for UGC-SAP, DST-FIST & other such schemes to enrich its lab infrastructure further. The university should supplement the department by filling vacant teaching posts.
2. Having good infrastructure, the faculty should strive for research project from external agencies. The number of publications can be further increased.
3. Inter-disciplinary research should be promoted through organizing workshops/training programmes and seminars with specific themes.
4. Workshops should be organized by the department on use of open source software. Expertise of the department in handling specific software tools can open intra-departmental research cooperation for qualitative research growth of the university.

Academic Audit Report

Name of the Department: Geography

Date of meeting: 26.07.2022

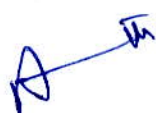

Time: 11:30-12:30

Following members of the Academic Audit Committee were present:

- | | | |
|---------------------------|--|----------|
| 1. Prof. Anil K. Vashisth | Dean, Faculty of Sciences | Convener |
| 2. Prof. N.N. Dogra | Emeritus Professor, Dept. of Geology
& Former Dean, Faculty of Sciences, K.U.K. | Member |
| 3. Prof. H.K. Sharma | Retired Professor,
Department of Chemistry, K.U.K. | Member |

Observations:-

1. The faculty members of the department are active in research and have published 89 research papers with average citation index of 10.70 and average impact factor 0.748.
2. The department has completed one research project funded from ICSSR and faculty members have collaboration with two national and one international institution.
3. A good number of students (50) of the department have qualified NET & JRF examinations. Progression of PG students to Ph.D. programme is also good 25 students (15 from KUK 10 from other institutions have pursued Ph.D. programme.
4. There is a progression of field work in curriculum of M.Sc. programme and the department engages its students in extension activities also.
5. Network connectivity is not up to the mark.
6. There is no lift in the building which causes lot of problems to Differently abled students having locomotive challenges.

Suggestions:-

1. Efforts to get research project from external funding agencies should be made by the department.
2. A grant for equipment including computers should be provided to the department for the improvement of teaching & research facilities in the department.
3. Proper LAN facility or Wi Fi facility should be provided. It is a common cause of concern of all the departments in GanitBhawan building. Internet facility is required to be improved at least upto satisfaction level.
4. Vacant teaching posts should be filled at the earliest.

| 3. Prof. H.K. Sharma | Retired Professor,
Department of Chemistry, K.U.K. | Member |

Observations:-

1. The department has good placement record and good number of students has qualified NET & GATE examinations.
2. The faculty of the department has published on an average of six research papers per faculty, having average impact factor 0.69 with average h-index 3, and average citation 6.60 during last five years.
3. The department has potential for consultancy work but income generation is still to roll out.
4. Inter institutional collaborations is reflected in a good way through publications.
5. Impressive number of students pursues higher studies (Ph.D.) after completing PG from host institution (18) and other institutions (20).
6. Research grants received from RUSA & State Government of Haryana have not been mentioned in the departmental Audit report. (Saraswati Project)

Suggestions:-

1. More research projects should be undertaken by the faculty so as to enhance funding from external agencies.
2. The department could have geology museum, geo-chemistry & geo-tech laboratories.
3. Fully equipped seminar room is suggested for the department within the allotted space.
4. It is suggested that departmental project under DST-FIST or other scheme should be applied so that equipments like ICPMS (internal coupled programme mass spectrometer) etc. can be procured which may enable the department to start as centre of central facility.
5. All type of grants, received in the department from any external agency/RUSA/State/ Centre Govt. etc. should be taken into account at the report generation for the purpose of IQAC, NAAC, Audit Report or any such report where research findings/output are to be projected.

Suggestions:-

1. Record of visits of students/research scholars/faculty members from the department of geophysics to the other institutions of collaboration and vice-versa is suggested to be maintained for showing collaboration work.
2. Vacant teaching and non teaching posts should be filled.
3. One seminar room equipped with MMP, Ac's and proper sitting infrastructure is recommended out of the present allotted space.
4. The department is suggested to have collaborative work with other departments of the University which have potential of yielding good research having common interests like geology & mathematics.
5. The department is research oriented, so 02 University Research Scholarships (general) & 01 (reserved) are recommended for the department.
6. Grant for the equipments, which increases the scope of consultancy work of the department, should be provided to the department.

| 3. Prof. H.K. Sharma | Retired Professor,
Department of Chemistry, K.U.K. | Member |

Observations:-

1. The department has received appreciable support under TEQUIP-III of worth Rs. 3.98 crores.
2. Nine regular teachers have 24 publications @ the average of 2.66 papers per faculty in five years.
3. Three patents have been filed by faculty members and two collaborations are reported.
4. Nine students have qualified GATE & there are two research scholars. Research is one of the areas where department need to focus upon.
5. Attainment level of POs, PSOs & Cos have been evaluated & mentor-mentee list is also prepared but no meeting has been reported.
6. Although the department has facility & capacity for maintenance of equipments of the University but that is not mentioned in the report.

Suggestions:-

1. The department faculty should make concentrated efforts for increasing students' strength & their placements

2. The department & its Programmes had a glorious placement record which can be achieved by drawing a clear cut policy & mission and implementation thereon with joint efforts of all the faculty members & cooperation of university administration .
3. Research activities are required to be enhanced.
4. Overall, a new synergy is suggested for the teaching, learning & research environment of the department.
5. The department offers a central facility through USIC & its services should be made better and the University should supplement sufficient grant for this purpose to the department.

Academic Audit Report

Name of the Department: Mathematics

Date of meeting: 26.07.2022

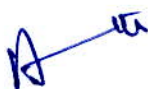

Time: 3:45-5:00 p.m.

Following members of the Academic Audit Committee were present:

- | | | |
|---------------------------|--|----------|
| 1. Prof. Anil K. Vashisth | Dean, Faculty of Sciences | Convener |
| 2. Prof. N.N. Dogra | Emeritus Professor, Dept. of Geology
& Former Dean, Faculty of Sciences, K.U.K. | Member |
| 3. Prof. H.K. Sharma | Retired Professor,
Department of Chemistry, K.U.K. | Member |

Observations:-

1. The department has published good number (56) of qualitative publications.
2. The average citation index of the publications is 3.39 with average impact factor 1.558 and the average of h-index of active researchers of the department is 15.
3. 36 students have cleared NET/GATE/JRF and other competitive examinations which is a good score. The rich curriculum of M.Sc. mathematics programme forms the basis of this success.
4. Intake (150) of students in one class is very high and does not match with the existing infrastructural provisions and faculty strength of the department.
5. A large number of students (111) have been able to get financial assistance in different forms.
6. The departmental library is well stocked & maintained and the department has been distinctively receiving grant from National Board of higher Mathematics for library books.
7. The department has four ICT enabled class rooms but those are not spacious enough.

8. The department has only four regular faculty members and two are non-Ph.D. There has been no recruitment in the department in last 26 years.

Suggestions:-

1. As there is an acute shortage of regular faculty, the vacant teaching posts must be filled at urgent and priority level. As per the requirement, it is suggested that young faculty is appointed which is possible when appointments are made at Asstt. Professor level. So, the vacant 03 positions, in addition to the advertised 04 posts of Associate Professors, should be downgraded to assistant professor & advertised accordingly at the earliest with highest priority.
2. Intake of 150 students is very high & against UGC norms also, so intake must not be greater than 120 (2 sections) in any case.
3. The department has lack of space & infrastructure, it is, therefore, suggested that either a separate building be constructed for the Department of Mathematics or the one more floor (ground floor) of the present building be allotted to the department at the earliest. The present space for class rooms and labs is not fit for the present strength of the department in any way.
4. Teachers of the department should make sincere efforts for accelerating research activities and getting research projects.
5. The department should organize national/international conference/seminar/workshop and university administration should provide sufficient grant for that purpose.
6. The department has not held alumni meet in last five years, so that should be organized at the priority level.
7. The department requires immediate updating of its two computing laboratories in view of the fact that they have lab courses in all the four semesters of M.Sc. programme. It is suggested that a grant of Rs. 50.00 lacs should be provided for computers.

& Former Dean, Faculty of Sciences, K.U.K. | Member |
| 3. Prof. H.K. Sharma | Retired Professor,
Department of Chemistry, K.U.K. | Member |

Observations:-

1. Research output of the department is very good.
2. Good number of research papers (128) has been published by the department's faculty with average citation index as 15 and with average impact factor of 3.4. The average h-index of faculty members is 13.
3. The department has successfully received three projects from DST, one from DST, Haryana and one as seed money for young faculty. An impressive Grant of Rs.17.50 crores has been received by the department from different agencies through these projects.
4. Faculty members have effective and operative collaboration with reputed national research institutes viz. IVAS, New Delhi; VECC, Kolkata and NISER, Bhubaneswar and with eight universities. Many of them have earned recognition for their research and academic contribution.
5. 26 students have pursued Ph.D. programme during the last five years.
6. The department has earned a distinct reputation through its high end and well developed Ion Beam Centre. Ion Beam Centre provides central facility for researchers of

this university, neighbouring institutions and other universities/institutions at the national level.

7. Outcome Attainment level could not be determined for the want of declaration of 1st semester result.

Suggestions:-

1. Vacant position of teachers should be filled. Diversification in terms of different specializations as per curriculum requirement and as per need of special research groups should be taken into account for futuristic and holistic growth.
2. Multipurpose hall within the available space should be provided as per need of the department.
3. Department has potential & capacity for providing consultancy in its strong areas and sincere efforts are required in that direction so as some income is also generated out of that.
4. The department should list objectives of strengthening its lab infrastructure through different schemes like DST-FIST, SAP etc. Meanwhile, university should provide a good amount of a grant for the purchase and maintenance of computers, equipment, software & other lab facilities.
5. The faculty members, who do not have research projects, should focus for getting the same from external agencies.

& Former Dean, Faculty of Sciences, K.U.K. | Member |
| 3. Prof. H.K. Sharma | Retired Professor,
Department of Chemistry, K.U.K. | Member |

Observations:-

1. Strength of students in M.Sc. programme shows an improvement.
2. Placement record of the department is good and two students have been selected in Indian Statistical Services also.
3. The Department has well equipped labs and ICT enabled class rooms.
4. The students of the department go for training to National Institutes but that has no credit in the curriculum.
5. Three faculty members have published 28 research papers at the average of nine papers per faculty in five years span with average h-index 3.
6. Many students pursue Ph.D. Programme despite very low success rate in qualifying NET & JRF examination. Fourteen students have been enrolled for Ph.D. during the last five years.
7. Some training programmes for use of SPSS have been organized by the department for researchers.

A.K.

N.N. Dogra

H.K. Sharma

Suggestions:-

1. The department has received no research project from any external agency. The department needs to make sincere efforts for getting research grants through projects from external agencies.
2. The students training internship should be included in the curriculum by giving due credits for that.
3. Department library can be started within the allotted space & available manpower and nominated teacher in charge.
4. Recruitment of faculty is required at priority level.
5. Provision of lift for physically challenged students in every building should be made as class of every department, which has differently abled students, cannot be met on the ground floor always.
6. Provision of power backup should be made.
